6 Summary

(continued)

Who is the Issuer of the Securities? (continued)

What are the key risks that are specific to the issuer?

Set out below is a summary of the most material risk factors specific to the issuer

- The spread of coronavirus (Covid-19) was declared a global pandemic by the World Health Organisation on 11 March 2020 and will have a significant impact on the UK and global economy, affecting workers and businesses of all sizes. In particular, businesses currently have to operate with severe restrictions on their activities resulting from the UK Government's on-going measures to contain the spread of the virus and to minimise the likelihood of a resurgence in infection rates. The exact effect of these on the Company's investee companies is, therefore, difficult to predict and, with general disruption caused by the virus, will make it more difficult to value the Company's investments in investee companies on an on-going basis and to determine future income streams from the Company's investment portfolio, which may have an effect on the price at which Investors can sell their Shares.
- The Finance Act 2018 introduced a new "risk-to-capital" condition for Qualifying Investments, designed to focus investments towards earlier stage, growing businesses, and away from investments which could be regarded as lower risk. The potential penalty for contravention of these rules can include loss of VCT status with a resultant clawback of VCT tax reliefs from Investors. HMRC have stated that VCT status will not be withdrawn where an investment is ultimately found to be non-qualifying if, after taking reasonable steps including seeking advice, a VCT considers that an investment is qualifying.
- Investments made by the Company may be in companies whose shares are not publicly traded or readily marketable and, therefore, may be difficult to realise. Such investments may also be highly volatile and therefore be exposed to losses if realisation is required when falls in value have been experienced. As a result the Company may be subject to substantial losses in relation to these investments.
- The income received from the Company's investment portfolio, whether prior to or after being fully invested, may not meet the Company's expectations. As a result, paying out an annual dividend may erode the capital value of the Company. The ability to pay the intended dividends to Investors may also be constrained by, amongst other things, the existence of realised profits, legislative requirements and the available cash reserves of the Company.
- The Company will invest in companies with gross assets of not more than £15 million immediately prior to investment (and £16 million immediately after the investment) and with fewer than 250 employees (or 500 employees in the case of a Knowledge Intensive Company) at the point of investment. Such companies are generally private companies that have a higher risk profile than larger "blue chip" companies. Such investments usually involve specific deal structuring and depend on the accuracy of due diligence. Standards of corporate governance in private companies are generally lower than in quoted investments and are often dependent on minority investor protections. These investments involve a higher degree of risk than would investments in larger or longer-established businesses and can result in substantial losses for the Company.
- There can be no guarantee that the Company will fulfil the criteria to obtain, or to enable it to maintain full VCT status. If the Company loses its approval as a VCT before Investors have held their shares for five years, the 30% income tax relief obtained will have to be repaid by such Investors. Following a loss of VCT status, an Investor will be taxed on dividends paid by the Company, and in addition, a liability to capital gains tax may arise on any subsequent disposal of Shares.
- Corporate or UK Government bonds are loans to a company or the UK Government ("counterparty"). Should the counterparty to a loan become bankrupt or be unable to pay back the loan, the Company may lose some or all of such an investment.
- It is possible for Investors to lose their tax reliefs by themselves taking or not taking certain steps, and Investors are advised to take their own independent financial advice on the tax aspects of their investment.

Key Information on the Securities

What are the main features of the securities?	
Type, class and ISIN of securities	The Company will issue new ordinary shares of 1 pence each ("Ordinary Shares") under the Offer. The ISIN of the Ordinary Shares is GB00BGMG7F10.
Currency, par value and number to be issued	The currency of the Ordinary Shares is Sterling, having a par value of 1 pence each and pursuant to the Offer the Company will issue up to £20 million of Ordinary Shares with an over-allotment facility for up to a further £10 million of Ordinary Shares.
Rights attaching to the securities	<p>As regards Income: The holders of Ordinary Shares shall be entitled to receive such dividends as the Directors resolve to pay out in accordance with the Articles.</p> <p>As regards Capital: On a return of capital on a winding up or otherwise (other than on redemption or purchase of shares) the assets of the Company available for distribution shall be divided amongst the holders of Ordinary Shares pro rata to their respective holdings of such shares, in accordance with the Articles of Association.</p> <p>As regards voting and general meetings: Subject to disenfranchisement in the event of non-compliance with a statutory notice requiring disclosure as to beneficial ownership, and subject to any special terms as to voting upon which any shares may have been issued, or may for the time being be held, each holder of Ordinary Shares present in person or by proxy shall on a poll have one vote for every holder of Ordinary Share of which he is a holder.</p> <p>As regards Redemption: The Ordinary Shares are not redeemable.</p>
Seniority of securities	The Ordinary Shares that are the subject of the Offer shall rank equally with the existing Ordinary Shares in the event of an insolvency of the issuer.
Restrictions on the free transferability of the securities	There are no restrictions on the free transferability of the Ordinary Shares.
Dividend policy	The Company intends but cannot guarantee to pay a regular annual dividend commencing in 2023. From then on, the Company expects to achieve an average dividend payment equivalent to 5p per Share per annum (including the 2023 dividend) over the rest of the life of the Company. The Company expects to be in a position to make such annual payments from income received from its investments. The income received from the Company's investment portfolio should increase during the life of the Company as the number of investments made rises. Accordingly, the 2023 dividend may be lower than 5p per Share but each of the remaining annual dividends may be correspondingly higher than that figure so that the target of an annual dividend payment equivalent to 5p per Share per annum from 2023 is achieved. The Company's ability to pay dividends is subject to the existence of realised profits, legislative requirements and the available cash reserves of the Company.
Where will the securities be traded?	Applications will be made to the FCA for the Ordinary Shares issued pursuant to the Offer to be admitted to the premium segment of the Official List and to the London Stock Exchange to be admitted to trading on the London Stock Exchange's main market for listed securities. It is expected that each such admission will become effective, and that dealings in those Ordinary Shares will commence, within ten Business Days of their allotment.
What are the key risks that are specific to the securities?	<p>Set out below is a summary of the most material risk factors specific to the securities</p> <ul style="list-style-type: none"> It is anticipated that the Shares issued pursuant to the Offer will be admitted to the premium segment of the Official List and will be traded on the London Stock Exchange's market for listed securities. The secondary market for VCT shares is generally illiquid and there may be a limited market in the Shares. Investors may, therefore, find it takes longer to realise their investment, or that they cannot obtain a price for their Shares that reflects the underlying NAV of the Shares, or that they cannot realise their investment. Investors who sell their Shares within five years of allotment will have to repay some or all of their initial income tax relief depending on the sale proceeds.

Key Information on the Offer of Securities to the Public and/or Admission to Trading on a Regulated Market

Under which conditions and timetable can I invest in this security?	<p>Amount of Offer The Offer Shares will be offered at the Offer Price, payable in full upon application. The Company is proposing to raise up to £20 million pursuant to the Offer (up to £30 million if the over-allotment facility is utilised in full).</p> <p>Pricing of the Offer The number of Ordinary Shares to be issued to each Applicant will be calculated based on the following Allotment Formula (rounded down to the nearest whole Ordinary Share):</p> <p>Number of Offer Shares = amount remitted, less</p> <p>(i) the Initial Fee (ii) the applicant's Adviser Charges</p> <p>divided by latest published NAV per Ordinary Share.</p> <p>Subject to any discounts for existing Puma Investors, the Initial Fee is 3% of the investment amount for applications.</p> <p>The Offer is conditional on resolutions 1 to 3 to be proposed at a general meeting of the Company to be held on 26 August 2020 being passed.</p> <p>The Offer opens on 23 July 2020 and will close no later than 1 April 2021 for shares to be allotted in the 2020/21 tax year and no later than 1 June 2021 for shares to be allotted in the 2021/22 tax year. The Directors, in their absolute discretion, may decide to increase the Offer by a further £10,000,000 of Ordinary Shares, to close the Offer earlier or extend the Closing Date to a date no later than 8 July 2021.</p> <p>It is expected that the admission to trading on the London Stock Exchange's main market for listed securities of the Ordinary Shares that are the subject of the Offer will become effective within ten Business Days of their allotment.</p> <p>Expenses Charged to the Investor The estimated expenses charged to the Investor by the Company are as follows:</p> <p><u>Investor not receiving financial advice</u></p> <p>For an Investor under the Offer who is not advised by a Financial Adviser or has elected to settle their Adviser Charge direct, the costs of the Offer will be the Initial Fee attributable to the subscription for Shares, being up to 3% of the value of the amount of the subscription monies received by the Company in respect of that Investor's application (any lower amount being at the discretion of the Investment Manager), although this is not an expense charged directly to an Investor by the Company as it is charged to the Company by the Promoter, so that Investors will receive Ordinary Shares under the Offer in respect of the value of their subscription proceeds.</p> <p><u>Investor receiving financial advice</u></p> <p>For an Investor under the Offer who is advised by a Financial Adviser and has agreed that the Registrar should make the payment of its Adviser Charge on its behalf, the costs of the Offer will be the Initial Fee attributable to the subscription for Shares, being 3% of the value of the amount of the subscription monies received by the Company in respect of that Investor's application after the deduction of any Adviser Charges, payment of which is made by the Registrar on behalf of the Investor prior to subscription for Shares. In such circumstances, such Investors will receive Ordinary Shares under the Offer in respect of the value of their subscription proceeds following payment of any Adviser Charge by the Registrar.</p>
--	---

<p>Under which conditions and timetable can I invest in this security? (continued)</p>	<p><u>Costs and commissions</u></p> <p>Out of these Initial Fees the Investment Manager will be responsible for paying particular costs of the Offer, initial and trail commission to execution only brokers.</p> <p>Authorised financial intermediaries in respect of execution only clients where no advice or personal recommendation has been given will usually be entitled to an initial commission of 1% of the amount payable in respect of the Ordinary Shares allocation for each Application. Additionally, provided that such intermediary continues to act for the client and the client continues to be the beneficial owner of the Shares, such authorised financial intermediaries will usually be paid an annual trail commission by the Promoter of 0.35% of the Net Asset Value for each such Share for 5 years. The Investment Manager may, in certain circumstances, agree to pay enhanced commission over and above these terms, but any such enhanced commissions will not be payable by either the Investors or the Company.</p> <p>The Directors may, at their discretion, allow an enhanced share allocation for Investors who have invested in other Puma VCTs or for any other Investors at their discretion.</p> <p>Dilution</p> <p>The existing issued Ordinary Shares will represent 16.6% of the enlarged Ordinary Share capital of the Company immediately following the Offer, assuming (i) the Offer is fully subscribed with the over-allotment facility fully utilised, (ii) with an Offer Price of 98.27p and (iii) an Initial Fee of 3% applies to all subscriptions, and on that basis Shareholders who do not subscribe under the Offer will, therefore, be diluted by 83.4%.</p>
<p>Why is this prospectus being produced?</p>	<p>The reason for the Offer is to enable the Company to raise funds and then use a minimum of 80% of the proceeds of the Offer to acquire over a period not exceeding three years (and subsequently maintain) a portfolio of Qualifying Investments in accordance with its published investment policy.</p> <p>Assuming a full subscription of £30 million of Ordinary Shares and an Initial Fee of 3% on all such subscriptions (with the over-allotment facility fully utilised), the estimated maximum net proceeds of the Offer is £28.9 million.</p> <p>The Offer is not subject to an underwriting agreement.</p> <p>No conflict of interest is material to the Offer.</p>

10 Risk factors

Prospective Investors should consider carefully the following material risk factors, as well as the other information in this Prospectus, before investing. Prospective Investors should read the whole of this Prospectus and not rely solely on the information in this section entitled "Risk Factors". The business and financial conditions of the Company could be adversely affected if any of the following risks were to occur and as a result the market price of the Ordinary Shares could decline and Investors could lose part or all of their investment.

Prospective Investors should be aware that the value of Ordinary Shares can fluctuate and that they may not get back the full amount they invest. In addition, there is no certainty that the market price of Ordinary Shares will fully reflect the underlying net asset value, that Shareholders will be able to realise their shareholding or that any dividends will be paid. An investment in the Company should be viewed as a higher-risk, longer-term investment.

The Directors draw the attention of potential Investors to the following risk factors which may affect an investment, the Company's performance and/or the availability of tax reliefs. The Company and the Directors consider the following risks to be material for prospective Investors, but the risks listed below do not necessarily comprise all those associated with an investment in the Company. Additional risks and uncertainties currently unknown to the Company and the Directors (such as changes in legal, regulatory or tax requirements), or which the Company and the Directors currently believe are immaterial, may also have a materially adverse effect on the financial condition or prospects of the Company or on the market price of Ordinary Shares.

Risks relating to the Company

- The spread of coronavirus (Covid-19) was declared a global pandemic by the World Health Organisation on 11 March 2020 and will have a significant impact on the UK and global economy, affecting workers and businesses of all sizes. In particular, businesses currently have to operate with severe restrictions on their activities resulting from the UK Government's on-going measures to contain the spread of the virus and to minimise the likelihood of a resurgence in infection rates. The FTSE 100 and other share indices across Europe and the US have declined in response to the spread of the virus and the restrictions imposed by governments worldwide to contain it. The Company's investee companies may be impacted by the pandemic, the UK Government's restrictions and the resulting disruption caused to consumer demand. The UK Government has provided financial support and implemented fiscal measures to support small businesses. The UK Government may vary significantly the restrictions it has imposed on business activities, the financial support it is currently providing to businesses and the other fiscal measures it has taken. The exact effect of these on the Company's investee companies and the future income streams from those companies is, therefore, difficult to predict.
- Investment in unquoted companies, by its nature, involves a higher degree of risk than investment in listed companies. In particular, small companies often have limited product lines, markets or financial resources and may be dependent for their management on a small number of key individuals and may be more susceptible to political, exchange rate, taxation and other regulatory changes. In addition, the market for securities in smaller companies is usually less liquid than that for securities in larger companies, bringing with it potential difficulties in acquiring, valuing and disposing of such securities. Investment returns for the Company will, therefore, be uncertain and involve a higher degree of risk than investment in a listed company.
- Unquoted investments of the Company will be valued at fair value in accordance with the IPEV Guidelines. However, in many cases valuations may take into account stock market price earnings ratios for the relevant industry sectors, discounted for non-marketability. The general disruption caused by Covid-19, and its effects on stock markets globally, may make the valuation of the Company's investments on an on-going basis more difficult, which may have an effect on the price at which Investors can sell their Shares.
- The market price of the Ordinary Shares will not usually reflect their underlying net asset value. The value of an investment in the Company depends on the performance of its underlying assets, which may influence the price at which Investors can sell their Shares.
- Although it is intended that the Ordinary Shares issued pursuant to the Offer will be listed on the Official List and admitted to trading on the London Stock Exchange, shares in VCTs are inherently illiquid and there may be a limited market in the shares, primarily because the initial tax relief is only available to those subscribing for newly issued shares. In such circumstances Investors may, therefore, find it takes longer to realise their investment, or that they cannot obtain a price for their Shares that reflects the underlying net asset value of the Shares or that they are unable to sell their Shares.

- The Company intends, but cannot guarantee, to pay a regular annual dividend commencing in 2023. From then on, the Company expects to achieve an average dividend payment equivalent to 5p per Share per annum (including the 2023 dividend) over the rest of the life of the Company. The Company expects to be in a position to make such annual payments from income received from its investments. The income received from the Company's investment portfolio should increase during the life of the Company as the number of investments made rises. Accordingly, the Company anticipates that the 2023 dividend may be lower than but that each of the remaining annual dividends may be correspondingly higher than that figure so that the target of an annual dividend payment equivalent to 5p per Share per annum from 2023 is achieved. However, in any event the income received from the Company's investment portfolio, whether prior to or after being fully invested, may not meet the Company's current expectations. As a result, paying out such a dividend may erode the capital value of the Company. The ability to pay the intended dividends may also be constrained by, amongst other things, the existence of realised profits, legislative requirements and the available cash reserves of the Company.
- On 31 January 2020, the UK withdrew from the EU. The UK Government is currently negotiating the terms of the UK's future relationship with the EU. Although it is unknown what terms will emerge from these negotiations or whether there will be increased regulatory control between the UK and EU countries, the emerging terms may adversely affect each Company's business model, business operations, or financial results or have an impact on sales demand, material and labour costs, and the availability and cost of finance, for an underlying investee company.

Risks concerning VCTs and tax relief

- The Finance Act 2018 introduced a new "risk-to-capital" condition for Qualifying Investments, designed to focus investments towards earlier stage, growing businesses, and away from investments which could be regarded as lower risk. The Company may not make any prohibited non-qualifying investments, including those which breach the "risk-to-capital" condition, and the potential penalty for contravention of these rules can include loss of VCT status with a resultant clawback of VCT tax reliefs from Investors. HMRC have stated that VCT status will not be withdrawn where an investment is ultimately found to be non-qualifying if, after taking reasonable steps including seeking advice, a VCT considers that an investment is qualifying. However, HMRC may require rectification of the breach, which may mean that the VCT is forced to dispose of the investment at a loss.
- The levels, basis of, and relief from, taxation shown in this document (which are current at the date of this document) are subject to change, and the effects of any such changes on an Investor may (depending on their individual circumstances) affect the returns an Investor derives from their Shares.
- There can be no guarantee that the Company will fulfil the criteria to obtain, or to enable it to maintain full VCT status. If the Company loses its approval as a VCT before Investors have held their Shares for five years, the 30% income tax relief obtained will have to be repaid by such Investors. Following a loss of VCT status, an Investor will be taxed on dividends paid by the Company, and in addition, a liability to capital gains tax may arise on any subsequent disposal of Shares.
- Due to recent legislative changes, more restrictive requirements have been imposed as to what constitutes a permitted Non-Qualifying Investment. As a result, the returns available from permitted Non-Qualifying Investments may be less than hitherto, which may affect the returns available for distribution to Shareholders.
- It is possible for Investors to lose their tax reliefs by themselves taking or not taking certain steps, and consequently being required to pay tax in relation to their Shares or the dividends received from them. Investors are advised to take their own independent financial advice on the tax aspects of their investment.
- Investors who sell their Shares within five years of allotment will have to repay some or all of their initial income tax relief depending on the sale proceeds and it is therefore probable that the market in the Shares will be illiquid for at least five years.
- The information in this document is based on existing legislation, including taxation legislation. Tax reliefs described are those currently available. Legislation governing Qualifying Investments is subject to change. Such change could be retrospective. The value of tax reliefs depends on the personal circumstances of holders of Shares, who should consult their own tax advisers before making any investment.
- Where full approval as a VCT is not maintained, any dividends previously paid to holders of Shares will be liable to be assessed to income tax in the year in which they were paid. Interest may also be due. The Company will also lose its exemption from corporation tax on capital gains. If at any time VCT status is lost, dealings in the shares will normally be suspended until such time as the Company has published proposals to continue as a VCT or be wound up. Further information concerning the loss of VCT status is set out in Part 2 of this document.

12 Risk factors

(continued)

Risks concerning VCTs and tax relief (continued)

- There may also be constraints imposed on the realisation of investments in order to maintain the VCT tax status of the Company, which may have an effect on the price at which Investors can sell their Shares or the dividends payable on them.

Risks relating to the Company's underlying investments

The following risk factors relate to the type of investments the Company may make pursuant to its investment policy:

- It can take a number of years for the underlying value or quality of the businesses of smaller companies, such as those in which the Company invests, to be fully reflected in their market values which are often also materially affected by general market sentiment, which can be negative for prolonged periods. This may adversely affect the performance of the Company.
- Investments made by the Company may be in companies whose shares are not publicly traded or readily marketable and, therefore, may be difficult to realise. The fact that a share is traded on AIM or NEX does not guarantee its liquidity. There may also be constraints imposed on the realisation of investments to maintain the VCT tax status of the Company which may affect the returns the Company receives from its activities and, consequently, the dividends payable on, and market value of, the Shares.
- The Company may construct for itself a diversified portfolio of such investments. These underlying investments in the portfolio may be highly volatile and therefore be exposed to losses if realisation is required when falls in value have been experienced. Some of these investments may not be regularly traded on an exchange which may impact upon the accuracy of the determination of the net asset value of these investments. These investments may also be illiquid and, therefore, difficult to realise. As a result the Company may be subject to substantial losses in relation to these investments.
- Businesses in which the Company invests may incur unplanned costs and delays as a result of statutory and regulatory requirements in areas such as labour and health and safety, or where construction operations do not proceed as planned, which may prevent them from fulfilling their business plans and reduce the level of returns to the Company.
- The ability of the Company to return funds to Shareholders may be adversely affected by illiquidity in underlying assets. It may be difficult to deal in investments for which there is no recognisable market or to obtain reliable information about their value or the extent of the risks to which such investments are exposed, all of which may affect the returns the Company receives from its activities and consequently the dividends payable on, and market value of, the Shares.
- Securities held by the Company may have redemption or lock-in periods that affect liquidity and which could result in the premature or delayed realisation of investments which may affect the returns the Company receives from its activities.
- Corporate or UK Government bonds (in which the Company may invest) are loans to a company or UK Government ("counterparty"). Should the counterparty to a loan become bankrupt or be unable to pay back the loan, the Company may lose some or all of such an investment. Corporate bonds and corporate bond funds are exposed to the risks of changes in bond yields, particularly for medium and longer-dated securities. Capital values may fall as a result of rises in comparative bond yields after an investment is made or as a result of the worsening of the perceived creditworthiness of bond issuers, all of which may affect the returns the Company receives from its investments.
- Investments in private companies, usually with limited trading records, require specific deal structuring and detailed due diligence, the conclusions of which may subsequently be shown to be incorrect. Standards of corporate governance in private companies are generally lower than in quoted investments and are often dependent on minority investor protections which the Company is able to negotiate in advance. While investments in private companies can offer opportunities for above average capital appreciation, these investments involve a higher degree of risk than would investments in larger or longer-established businesses and can result in substantial losses for the Company.

- The Company will invest in companies in accordance with the requirements and restrictions of any VCT legislation in force at the relevant time, currently companies with gross assets of not more than £15 million immediately prior to the investment (and £16 million immediately after the investment) and with fewer than 250 employees (or 500 employees in the case of a Knowledge Intensive Company) at the point of investment. Such companies generally have a higher risk profile than larger "blue chip" companies.
- Underlying investment funds in which the Company may invest may utilise such investment techniques as option transactions, concentrated portfolios, margin transactions, short sales and futures and forward contracts and other leveraged or derivative transactions which practices can, in certain circumstances, significantly exacerbate any losses and so cause a diminution in the Company's assets.
- To the extent that the Company invests in underlying investment funds and the custodian with whom such investment funds maintain accounts fails to segregate the fund's assets, the investment fund (and hence the Company) will be subject to a risk of loss in the event of the bankruptcy of the custodian. In certain circumstances, where there is segregation, the investment fund concerned might be able to recover, even in respect of property specifically traceable to it, only a pro rata share of all property available for distribution to a bankrupt custodian's customers, resulting in losses being suffered by the Company.

Risks related to the Investment Manager

- The Investment Manager will provide discretionary and advisory investment management services to the Company in respect of its portfolio of investments. The past performance of the Investment Manager or other funds it manages or advises is no indication of its future performance. If the Investment Manager does not perform its obligations in accordance with the agreement regulating the provision of these services, the performance of the Company and/or its ability to achieve or maintain VCT status, may be adversely affected, which may then affect the tax status of the Company resulting in the loss of VCT tax reliefs for Shareholders.. Shareholders have no direct right of action against the Investment Manager.

14 Forward looking statements

Investors should not place undue reliance on forward-looking statements. This Prospectus includes statements that are (or may be deemed to be) "forward looking statements", which can be identified by the use of forward-looking terminology including the various terms "believes", "continues", "expects", "intends", "aims", "may", "will", "would", "should" or, in each case, their negative or other variations or comparable terminology. These forward-looking statements include all matters that are not historical facts. Forward looking statements involve risk and uncertainty because they relate to future events and circumstances. Save in relation to statements concerning working capital adequacy, forward-looking statements contained in this Prospectus, based on past trends or activities, should not be taken as a representation that such trends or activities will continue in the future. These statements will be updated as and when required by the Prospectus Regulation Rules, the Listing Rules and the DGTR, as appropriate.

This Prospectus contains references to the intention or expectation of the Company and its objective to maintain a regular annual dividend commencing from 2023, to achieve an average dividend payment equivalent to 5p per Share per annum (including the 2023 dividend) over the rest of the life of the Company. Although the Company intends to pay a regular annual dividend from 2023, there is also the potential to pay special dividends if portfolio companies are sold at a profit before this date. Over any five-year period, the Company is looking to deliver 50p in positive returns for Investors in the form of dividends or growth. The Company expects to be in a position to make such annual payments from income received from its investments and special dividends from profitable realisations. The income received from the Company's investment portfolio, whether prior to or after being fully invested, may not meet the Company's current expectations. Accordingly, there can be no guarantee that any such dividend payments can be maintained and, accordingly, no profit forecast is to be inferred or implied from such statements.

16 Overview of Puma Alpha VCT plc

Investment expertise:

The Investment Manager is part of an organisation that raised its first private equity fund in 1996 and has a 24-year track record of investing in small and medium-sized enterprises in the UK.

VCT management expertise:

This is the 14th Puma VCT and, as a series, the Puma VCTs have invested into 47 qualifying companies, achieving 31 full exits.

Sound investment:

The Company invests in scale-up businesses with a proven product and experienced management teams. By investing in scale-up, high-growth businesses there is the potential to achieve start-up levels of return at lower risk. When examining potential investment targets, the Investment Manager will focus on leadership quality, the proposition's commercial validity and clarity of the growth plan.

Diversification

The Company's sector agnostic investment mandate offers portfolio diversification and allows the Investment Manager to source opportunities across the market. The Company is also able to co-invest alongside Puma Alpha EIS, enabling swifter deployment of funds whilst giving Investors access to a wider pool of investments.

Agility

As a new VCT, the Company is able to respond to the current climate with agility, building up a portfolio of investments best-suited to the economic environment and giving Investors access to a VCT in the early-stages of its growth journey.

Tax reliefs:

Upfront 30% income tax relief available to UK taxpayers on an investment of up to £200,000 per tax year; 100% tax-free dividends; and 100% tax-free capital gains on the sale of Company shares.

Income strategy:

The Company aims to pay a regular annual dividend commencing April 2023, with the potential for special dividends if portfolio companies are sold at a profit before then.

Economic support:

Investors in Puma Alpha VCT support the UK economy by providing growth funding to small and medium-sized companies (SMEs). SMEs are a vital part of the UK economy, accounting for 60% of all private sector jobs – a total of 16.6 million – with an estimated turnover of £2.2 trillion.

Dear Investor,

Following the successful launch of Puma Alpha VCT in 2019, in which we raised more than £5.8 million (before issue costs) in our initial share offer, we are pleased to let you know the VCT board has decided to re-open the VCT for investment by new and existing shareholders.

The Investment Manager has already made three investments, totalling approximately £1.8 million since inception. The new fundraise will facilitate continued investment into a diverse selection of attractive opportunities, at sensible valuations, as the market emerges from the Covid-19 pandemic.

The Investment Manager

Puma Alpha VCT is the latest VCT to be managed by Puma Investments. The Investment Manager and its wider organisation have a 24-year track record of investing in smaller companies and have been managing VCTs since the launch of Puma VCT and Puma VCT II in April 2005. Puma Investments was initially established to focus on VCT investing, and there has now been a total of 14 Puma VCTs raising over £235 million. Together, the Puma VCTs, Puma EIS and Puma Alpha EIS have invested more than £235 million into 65 qualifying companies, with 33 full exits.

Since inception, across all its offers, Puma Investments has raised over £450 million to date.

VCT investment strategy

Puma Alpha VCT invests in growing businesses with experienced management teams. With an emphasis on scale-up and not start-up companies, the VCT focuses on those businesses established enough to demonstrate a greater level of commercial maturity but at an early enough stage in their journey to potentially deliver attractive returns to Investors as they grow.

The majority of the VCT's investments will be into unquoted UK companies, primarily in the form of ordinary equity, potentially with loan notes alongside. Its sector agnostic mandate and national coverage underpins diversification in the VCT and enables the team to seek out the best opportunities across the country.

In addition to the experience of the management team, other criteria for investment include:

- a proposition that is commercially validated through sales volume (a proven market fit); and
- a well-defined target market and a clear and comprehensive plan for growth.

The VCT is also able to co-invest alongside Puma Alpha EIS, enabling swifter deployment of funds and giving Investors access to a wider pool of investments.

Given the impact of the Covid-19 pandemic, our agility in looking across the entire market for those businesses that have demonstrated resilience during unprecedented levels of turbulence enables the team to be opportunistic in seeking the best possible scenarios for investment.

Why choose Puma Alpha VCT?

Investors in Puma Alpha VCT benefit from a rare combination of an experienced investment manager backed by an extensive track record, coupled with the agility and market responsiveness offered by a new VCT.

The anticipated diverse nature of the investment portfolio should enable the VCT to capture significant upside from individual investments but also hedge against the failure or underperformance of any one company.

The VCT aims to provide growth funding to UK small and medium-sized companies and offers Investors access to a range of tax reliefs and an investment with the potential to generate attractive returns.

Dividend Targets

Puma Alpha VCT's investment mandate is primed to deliver growth to Investors in the form of returns.

In addition, the VCT targets, but cannot guarantee, an average annual dividend of 5p per Share, with dividends expected to be paid from 2023 onwards.

Any dividend payments will be generated from returns on the investments made by the VCT, which will increase over the life of the VCT. These will include returns from exits in the portfolio as well as any increase in the number of investment holdings. There is also the potential to pay special dividends if portfolio companies are sold at a profit before 2023. Over any five-year period, the Company is looking to deliver 50p in positive returns for Investors in the form of dividends or growth. However, the VCT's ability to pay dividends is not guaranteed and is subject to the existence of realised profits, legislative requirements and its available cash reserves.

The Offer

The Offer seeks to raise up to £20 million, with the Directors having a discretion to increase the Offer to seek up to a further £10 million, and will be open from 23 July 2020 until 1 June 2021 unless:

1. the Offer is fully subscribed before this date;
2. the Directors (at their discretion) decide to bring forward the Initial Closing Date; or
3. the Directors (at their discretion) decide to extend the Initial Closing Date, in which case the Offer will be open until no later than 8 July 2021.

Application will be made for the Offer Shares to be listed on the premium segment of the Official List and will be traded on the London Stock Exchange's main market.

The Tax Benefits

Investors in a VCT gain access to a range of tax incentives, subject to their individual personal circumstances and provided shares are held for at least the five-year qualifying period. These include:

- Up to 30% upfront income tax relief on investments of no more than £200,000 per tax year
- Tax-free dividends
- Tax-free capital gains on disposal of the shares

Investment in a VCT carries risk. Please refer to the risk factors set out on pages 10 to 13 for more information.

We recommend that Investors consult with their independent financial adviser before making a decision to invest. Applications must be made by completing an Application Form which is available from your financial adviser or online at www.pumainvestments.co.uk.

If you have any further questions, please feel free to contact the investor enquiries helpline on 020 7408 4100. We cannot offer investment advice, but would be happy to answer any other questions you might have about the VCT.

We look forward to welcoming you as a Shareholder of Puma Alpha VCT.

Yours sincerely,

Egmont Kock
Chairman

The Offer

Introduction

VCTs are a popular alternative investment that offer individuals 30% upfront tax relief on investments of up to £200,000 a year, as well as tax-free dividends and capital gains.

First introduced by the Government in 1995, VCTs are designed to encourage individuals to invest in a portfolio of investments that comprises at least 80% unquoted UK trading companies. Their purpose is to support the UK's SME economy and provide a vital source of funding whilst enabling investors to share in the growth and success of portfolio companies, whilst also accessing a range of tax reliefs. Since being launched, they have helped to create jobs, fuel innovation and deliver crucial growth investment to some of the country's most promising smaller companies. The Federation of Small Businesses estimated there were 5.8 million small businesses at the start of 2019, which accounts for 99.9% of the UK's private sector business population. To date, VCTs have raised more than £8.3 billion

VCTs must uphold strict governance rules designed to protect investors. These rules, coupled with stringent criteria around the types of companies that qualify for VCT investment, ensure that investors' money is directed towards those companies most in need of finance to grow.

Puma Alpha VCT is the latest VCT to be managed by Puma Investments. It aims to deliver compelling returns through investments in companies that have graduated from 'start-up' to 'scale-up', while delivering the full range of tax reliefs that come with VCT investing. The Investment Manager and its wider organisation have a 24-year track record of investing in smaller companies and have been managing VCTs since the launch of Puma VCT and Puma VCT II in April 2005. VCTs are at the core of Puma Investments, which was initially established to focus on VCT investing, and there has now been a total of 14 Puma VCTs. With Puma Alpha VCT, the Investment Manager is able to merge its Alpha EIS experience of investing in higher-growth companies with its expertise in managing VCTs.

Since being launched in 2019, Puma Alpha VCT has made three investments in the following sectors: UK engineering and manufacturing, sports apparel ecommerce, and digital engagement technology with a health and wellness focus working primarily with the insurance sector. Further details are set out in Part 4 of this document.

The Company is seeking to raise up to £20 million, with the Directors having a discretion to increase the Offer to seek up to £30 million. Since its initial launch, the Company has raised more than £5.8 million (before issue costs).

Details of the Management Team are set out on pages 40 to 42 and details of the Directors are set out on page 40.

The Company's objective is to provide funding to growing SMEs in the UK, aiming to give Investors exposure to quality operating businesses with strong management teams in sectors providing structural support for growth.

It invests in scale-up businesses that have already proven themselves in their market, and targets companies that have the potential to deliver start-up levels of return at lower risk. Of those investee companies which received first-time qualifying investment from Puma Investments in 2019, the average annual revenue (in their latest financial years) was over £5m.

When examining potential investment targets, the Management Team will focus particularly on the quality and experience of the team leading the target business. In addition, they will look for businesses with a proposition that is commercially validated, operating in a well-defined niche with proven market fit, with a clear and comprehensive plan for growth and supportive sector dynamics. This will enable Investors to support such companies and capitalise on their success. The Company has a sector agnostic mandate and seeks to provide funding to assist the growth of a diversified portfolio of investments which should allow the Company to capture significant upside from individual positions but also provide resilience in the event of an economic downturn.

As a new VCT, the Company provides an opportunity for Investors to access a VCT in the early stages of its growth journey. This should also enable it to respond to the current climate with agility, building up a portfolio of investments best-suited to the economic environment. The Company can also co-invest alongside Puma Alpha EIS, which has the same investment mandate, allowing for swifter deployment of funds and giving Investors access to a wider pool of investments. The VCT has already made three qualifying investments since its first allotment of Shares on 15 January 2020.

Puma Alpha VCT is a VCT that aims to provide a return in the form of dividends or growth. The Company seeks to produce regular tax-free distributions to Shareholders, and intends to pay a regular annual dividend commencing in 2023 (although there is no guarantee). From then on, the Company expects to achieve an average dividend payment equivalent to 5p per Share per annum (including the 2023 dividend) over the rest of the life of the Company. The Company expects to be able to make such annual payments from income received from its investments or from exits. The income received from the Company's investment portfolio should increase during the life of the Company as the number of investments rises. Accordingly, the Company anticipates that the 2023 dividend may be lower than 5p but that later annual dividends may be correspondingly higher than that figure. This should enable the Company to achieve its target of an annual dividend payment equivalent to 5p per Share per annum from 2023. The Company's ability to pay dividends is subject to the existence of realised profits, legislative requirements and the available cash reserves of the Company.

Although the Company intends to pay a regular annual dividend from 2023, there is also the potential to pay special dividends if portfolio companies are sold at a profit before this date. Over any five-year period, the Company is looking to deliver 50p in positive returns for Investors in the form of dividends or growth; although this is not guaranteed and no projection or forecast should be inferred or implied from such statement.

The initial proceeds of the Offer may be invested in a portfolio of equities, fixed income and other securities, including UK Government bonds, highly rated corporate bonds and cash deposits, or in investment opportunities already being considered at the relevant time. The Company may continue to hold a proportion of its assets in such investments after the end of its third accounting period.

The Qualifying Investments Portfolio is expected to be made up of investments in established, unquoted UK-based companies. These investments will typically be a combination of ordinary shares and unsecured loan notes. The Finance Act 2018 introduced a new "risk to capital" condition for Qualifying Investments, designed to focus investments towards earlier stage, growing businesses and away from investments which could be regarded as lower risk. The three investments made by the Company to date are TicTrac Limited, Le Col Holdings Limited and Dymag Group Limited.

In order to qualify for VCT funding, investee companies need to have a permanent establishment in the UK and conduct what HMRC refers to as a 'qualifying trade'. While most trades are allowed, notable exceptions include financial activities, forestry, farming, hotels and energy generation.

Under current VCT legislation, the Company must hold at least 80% of its assets (by value) in Qualifying Investments by the start of the accounting period in which the third anniversary of the date the shares were issued, falls. At least 30% of all new funds raised must be invested in Qualifying Investments within 12 months of the end of the accounting period in which the Company issued the shares. Qualifying Investments will be made in companies which are carrying out a qualifying trade and have a permanent establishment in the UK, although some may trade overseas.

The Qualifying Companies in which investments are made must have no more than £15 million of gross assets immediately prior to the investment (and £16 million immediately after the investment), fewer than 250 employees (or 500 employees in the case of a Knowledge Intensive Company) and generally cannot have been trading for more than seven years (or 10 years in the case of a Knowledge Intensive Company) at the time of the Company's investment. It must also meet several other conditions to be classed as a VCT qualifying investment, further details of which are set out on page 39.

As noted above, the Company is not required to have all its funds invested in Qualifying Investments at any given time in order to allow for liquidity management. Accordingly, funds not yet invested in Qualifying Investments will be managed with the intention of ensuring the Company has sufficient liquidity to invest in Qualifying Investments as and when opportunities arise.

The Offer seeks to raise £20 million, with the Directors having a discretion to increase the Offer to seek up to a further £10 million. It is intended that the Offer Shares will be listed on the Official List and will be traded on the London Stock Exchange's main market. The Offer will open on 23 July 2020 until 3.00 pm on the Initial Closing Date. The Offer may close in advance of this date in the event that the maximum subscription is reached or the Directors (at their discretion) decide to bring forward the Initial Closing Date. The Closing Date of the Offer, and the deadline for receiving applications for the final allotment with respect to the Offer, may be extended by the Directors to a date no later than 8 July 2021.

Reasons for the Offer

The Offer is suitable for those seeking to invest primarily in a portfolio of unquoted companies and has been designed to fund the growth of UK SMEs whilst enabling the Company and its Investors to benefit from VCT tax reliefs.

The Investment Manager – a 24-year Investment Management Track Record⁴

The Investment Manager and its wider organisation have a 24-year history of investment and asset management. This experience spans a range of asset classes and includes several quoted funds targeting institutional investors. The organisation's first growth capital fund was launched in May 1996 delivering net returns to investors of 76.1% per annum at the point of realisation. This was followed by a second growth capital fund, The Puma (II) Fund, which launched in October 1999 and achieved growth in net assets of 64.7% to December 2006, outperforming the FTSE AIM Index by 78.7% over the same period.

In 2005, the remit of the Puma funds expanded to include VCTs, and the first Puma VCT was launched that year. Since then, the Puma VCTs have a long track record of investing in qualifying companies stretching back to 2005. The Puma VCTs together with Puma EIS and Puma Alpha EIS have raised over £320 million since 2005.

Together, the Puma VCTs have invested into 47 qualifying companies, achieving 31 full exits. When combined with investments from Puma EIS and Puma Alpha EIS, those figures rise to over £235 million invested into 65 qualifying companies.

In addition to VCTs and EISs, the Investment Manager has also branched out into other investments, such as the Puma AIM Inheritance Tax Service — which invests in the Alternative Investment Market — and the Puma Heritage Estate Planning Service — which finances professional property developments. These Puma funds have

a relatively narrow breadth — investing either in private equity, real estate or listed securities — which means the Investment Manager has developed deep expertise in these areas. Since it started investing, the Investment Manager has honed its approach to protect investors' money and achieve impactful investments.

Since inception, the Investment Manager's team has grown significantly, but its cultural values remain the same.

Further information on the funds raised for the Puma VCTs and for the Puma EIS funds by the Investment Manager are set out in the tables below.

Deal Flow

Over the significant period of operation described above, the Investment Manager has built up an extensive network of brokers, intermediaries and entrepreneurs, all of whom facilitate a high level of deal flow. Accordingly, the Investment Manager continues to regularly identify or receive approaches for attractive investment opportunities across a number of sectors. In the 2019 calendar year the Puma Investments private equity team analysed 300 potential deals.

The ongoing difficulty in obtaining finance from traditional sources means that even high-quality, successful SMEs are being starved of growth capital. As a result, the Directors believe there are significant opportunities to invest in strong businesses that are struggling to source funding for growth. Accordingly, the Investment Manager continues to have a strong pipeline of potential investments.

As the market emerges from the Covid-19 pandemic, the Investment Manager anticipates to see considerable demand for equity finance from strong but cash starved growth businesses, resulting in a strong pipeline of investment opportunities.

Influencer

Summary

Investment:	£3 million
Sector:	Influencer Marketing
Location:	London, UK
Established:	2015
Expansion:	US and Europe

Investment overview

In 2019, the Puma Funds invested £3 million into Influencer, a leading influencer marketing platform run by renowned entrepreneurs Ben Jeffries, Caspar Lee and Adam Ludwin.

Launched in 2017, Influencer's proprietary technology simplifies the influencer marketing process for both brands and creators. Its data-driven, end-to-end platform provides brands around the world with access to a network of premium social media influencers who are vetted for authenticity, quality and creativity. The platform empowers these businesses to make smarter decisions on their influencer activities by combining the discovery and relationship management of creators, along with campaign management, campaign reporting and rich actionable insights.

Building on the company's impressive growth, management expertise and niche understanding of this fast-growing sector, this funding should help drive new innovations within the platform and expand Influencer's global presence. The business intends to double headcount and open its first US office in New York, with further plans to expand to the West Coast

Influencer has continued to work with both new and existing clients throughout the Covid-19 period, although a slowdown in activity has been noted across the sector. Lockdown across the Western world accelerated several trends towards digitisation which is presenting new opportunities for the business as online audiences continue to grow.

Investment rationale

- Influencer has achieved extraordinary revenue growth of 420% year-on-year and operates in a lucrative environment, with influencer marketing projected to become a \$15 billion industry by 2022.
- The company has a robust pipeline and already works with many of the world's leading brands, including Pepsi, Starbucks, Uber Eats, Alibaba and Apple Music.
- Its experienced management team incorporates scale-up expertise, business management experience and in-depth market knowledge — setting the business apart from competitors.
- Influencer's proprietary technology is market leading. Compatible with multiple social media platforms, its easy-to-use tools provide advanced campaign management, actionable insights and performance analysis.

Puma Investments' view

"With its disruptive approach, strength of technology and creator credentials, Influencer is ideally placed to continue its explosive growth. We are delighted to be working with the company and look forward to helping them achieve their aggressive goals for the business over the coming years."

Harriet Rosethorn,
Investment Manager,
Puma Private Equity

Influencer's view

"Puma Investments shares our vision and I'm thrilled to be working with them. Their backing validates our proposition and will enable us to significantly scale our offering globally and continue to solve the problems currently facing brands and creators."

Ben Jeffries,
Co-Founder and CEO, Influencer

MyKindaFuture

Summary

Investment:	£2.75 million
Sector:	Human Resources Technology
Location:	London, UK
Established:	2011
Expansion:	Nationwide

Investment overview

In 2019, Puma Investments completed a £2.75 million investment into MyKindaFuture (MKF), the UK's largest emerging talent specialist whose clients include BT, Deloitte, Cisco and Burberry.

Focusing its recruitment on young people, MKF aims to help students from a range of backgrounds develop employability skills and succeed in the workplace, whilst also supporting employers with their recruitment needs — from work experience and apprenticeships through to graduate programmes.

Founded in 2011, the company has established a strong track record and network, engaging with more than 25,000 young people in 2019. Its expert management team has achieved a high client retention rate with some of the largest graduate employers in the country and its renewal rates in 2019 exceeded 75%. Our investment is supporting the company's continued growth and enabling MKF to further scale its offering across different recruitment specialisms.

Throughout the Covid-19 crisis, MKF has continued to work closely with its customer base to help them manage HR engagement challenges. The company has adapted its Connectr 2.0 platform, launched in February 2020, to create a product specifically focused on furloughed employees, as well as launching a partnership with Grant Thornton to offer shared expertise and skills to clients looking to support and reintegrate employees across this period. Its existing trading has also remained strong.

Investment rationale

- MKF has an extensive client base which has been bolstered by the UK Government's Apprenticeship Levy, which incentivises corporates to invest in their own apprenticeships.
- The company has robust plans to expand its offering, supported by the scalability of its solutions when addressing a range of retention issues.
- MKF has an award-winning digital delivery platform, Connectr, making it well-placed to capitalise on both the shift towards digital media when engaging young people and growing demand for integrated automation in recruitment.
- The company has an expert management team with an established reputation in the market as thought leaders, as well as significant technical and commercial experience.

Puma Investments' view

"MKF creates a positive social impact for businesses and young people across the UK. Our investment allows MKF to continue setting the standard for its sector, build out its tech platform to solve more customers' problems and address the skills gap currently holding back corporates, educators and young people."

Ben Leslie,
Investment Executive,
Puma Private Equity

MKF's view

"This new funding from Puma Investments will enable us to continue building on our success

within the emerging talent space, supporting diversity and inclusion in the workplace and achieving our goal — to reduce youth unemployment."

Will Akerman,
Founder, MyKindaFuture

Pure Cremation

Summary

Investment:	£7.35 million
Sector:	Direct cremations
Location:	Andover, Hampshire
Established:	2015
Expansion:	A disruptive direct cremation business expanding to service the whole of the UK

Investment overview

Between 2017 and 2018, Puma Funds invested £7.35 million of growth capital into Pure Cremation – the UK's leading provider of direct cremations.

The company's revenue has grown fourfold during Puma's investment period, through consistent growth, and it has moved into profitability. Puma's investment has driven marketing activity, increasing awareness of the business's direct cremations and prepaid funeral plans. The investment also helped the company build its own bespoke crematorium facility, driving down per-unit costs and providing a platform for considerable further growth.

Pure Cremation's experienced management team has delivered impressive growth in a sector poised for rapid expansion. Pure Cremation now delivers its low-cost service across England, Scotland, Wales and Northern Ireland, and has ambitious future plans.

The business experienced very high demand during the Covid-19 crisis and was able to continue operating safely. It also donated TV advertising space to Marie Curie to help the charity raise much needed funds for its emergency appeal.

Investment rationale

- Pure Cremation is the UK's leading independent provider of direct cremations, with a clear strategy to maintain its prime position.
- The company combines an experienced management team with a disruptive business model and operates within a fast-growing market segment.
- Its new, purpose-built crematorium facility has delivered considerable operational efficiencies.
- The end-of-life sector is experiencing high growth returns, with both strategic companies and financial firms participating in a very active market. As the market leader, Pure Cremation benefits from numerous attractive exit opportunities.

Puma Investments' view

"Pure Cremation is an innovative business with a disruptive approach to its market. With its longstanding experience, the team is harnessing strong trends in the cremation sector as growing numbers of people seek more choice and less cost. We are enjoying helping the business achieve their ambitious plans."

Rupert West,

Managing Director, Puma Private Equity

Pure Cremation's view

"The funding from Puma Investments means we are well-placed to strengthen Pure Cremation's position as the standard bearers of choice in the funeral industry. It also enables us to offer our simple service delivered with kindness and care to an increasing number of families."

Co-Founder, Pure Cremation

Open House

Summary

Investment:	£5 million
Sector:	Pubs & restaurants
Location:	London
Established:	2015
Expansion:	New venues in London

Investment overview

In February 2019, Puma Funds invested £5 million of equity into Open House London, the company that owns and operates popular dining and drinking venues, The Lighterman and Percy & Founders.

Open House was launched in 2015 by the team behind the Cubitt House Group, which had established four high-end restaurants in central London that were later sold to private investors in a competitive acquisition.

Since launching Open House, the skilfully developed brand has gained a considerable following at its desirable locations in London's Fitzrovia and King's Cross. Demonstrating its strong performance, in 2019 the company achieved revenues of more than £11 million from its two current units. Open House's clear proposition, ongoing success and management expertise has created an exciting platform from which to continue the brand's expansion.

Our investment is supporting the business to achieve its plans for future growth through further flagship units across London.

In line with UK Government guidance, the two current Open House units closed during the Covid-19 lockdown. We have worked closely with the business throughout the period, supporting on employment matters, cash management and strategy for reopening in a new trading environment. Open House has benefited from various sector-focused Government support schemes, including rates relief and the ability to furlough staff, and has received significant support from its landlords. The business is robust, and is very well positioned to exploit opportunities arising from challenges the wider sector is facing.

Investment rationale

- Open House is led by a respected management team who previously brought the Cubitt House Group from formation to exit and have built up an expert operational team, ready to scale.
- The company's existing venues are in sought-after, strategic locations and deliver significant cash generation, underpinning the investment.
- The company has a clear strategy of developing further large-format, standalone venues in major growth areas within London.
- It also has a secured pipeline of new venues.

Puma Investments' view

"Open House's skilled management team has developed an offer that really stands out in London's competitive pub and restaurant sector, where they have created unique destination venues in both The Lighterman and Percy & Founders. The team's longstanding experience and clear vision have seen their existing venues achieve impressive growth since launch, and we look forward to supporting the group as they continue to expand."

Rupert West,

Managing Director, Puma Private Equity

Open House's view

"Having worked with Puma for over a year now, we are extremely pleased to have partnered with them and have found their interest and engagement in the day-to-day running of the business reassuring, whilst also being highly resourceful and supportive with ideas and problem solving. For instance, we were having constant issues with a payment provider but a few phone calls through the Puma network unlocked the issue within days. I would highly recommend them as investment partners and find their personable and human approach to all aspects of business operations one of their many strengths."

Dymag Group

Summary

Investment:	£4.8 million (of which Puma Alpha VCT invested £475,000)
Sector:	Automotive
Location:	Wiltshire, UK
Established:	1974
Expansion:	UK, North America and Japan

Investment overview

In 2018, the Puma Funds invested £3 million of equity into Dymag Group, the British designer and manufacturer of carbon hybrid automotive wheels. In 2020 a second investment of £1.8 million was made, including funds from Puma Alpha VCT to enable further growth.

Established in 1974, Dymag is a pioneer in carbon wheel technology: it launched the first commercial carbon motorcycle wheel in 1996 and the first carbon hybrid car wheel in 2004. Having successfully expanded from motorcycle to car wheels, the company continues to grow its presence in the aftermarket and original equipment manufacturer (OEM) channels, working with strategic regional aftermarket partners and several of the world's leading performance OEMs.

Dymag's objective is to position itself as the provider of the technology of choice, available worldwide. Through our initial funding, the company was able to expand and relocate its operations — increasing its design and production capabilities and positioning the business for further growth. Our latest investment will help it to amplify this growth, accelerate development of its product pipelines and continue to innovate its manufacturing processes to meet fast-growing demand.

Dymag has continued to operate throughout the Covid-19 pandemic with a skeleton staff, with the remainder either working from home or furloughed. In line with the rest of the automotive sector, its revenue levels have been impacted, with aftermarket automotive wheel sales in particular being significantly below forecast levels. Puma is working with the management team to reassess options and establish a strategy for the new trading environment, taking advantage of all relevant government support and developing potential joint ventures with large wheel companies.

Immediately pre-Covid-19, the global market for carbon automotive wheels was very strong, with several major production programmes announced from OEMs ("original equipment manufacturers" – large players in the global automotive supply chain). Whilst these have been put on hold throughout the crisis, the technological and financial benefits of carbon wheel technology remain compelling.

Investment rationale

- With more than 30 years' experience in carbon wheel technology, Dymag is strongly positioned to become a market leader.
- The company has a highly-experienced management team with longstanding sector expertise and deep knowledge of international automotive markets.
- Having successfully diversified into the premium sports car market, Dymag is building international traction through partnerships in North America, with plans for further expansion into Japan.
- Dymag's growth plans are underpinned by the automotive sector's desire to utilise carbon wheel technology to improve efficiencies.

Puma Investments' view

"Dymag is positively disrupting the automotive wheel market with its new carbon wheel products."

"Significant investment in its products and processes has strengthened the business and the company is now well-placed to accelerate growth and establish itself as the global leader in this market."

Jonathan Wyles,
Investment Manager,
Puma Private Equity

Dymag's view

"Following a comprehensive search for the right investor to help us, we chose to work with Puma Investments given the team's understanding of technology and manufacturing, plus their longstanding commitment to supporting British businesses."

Chris Shelly,
CEO, Dymag

Le Col

Summary

Investment:	£4.85 million (of which Puma Alpha VCT invested £720,000)
Sector:	Sports apparel
Location:	London, UK
Established:	2011
Expansion:	Continued global growth

Investment overview

In 2018, Puma invested £2.35 million of equity into Le Col, a leading British cycling brand founded by ex-professional cyclist Yanto Barker. Le Col uses the latest technology to bring high-performance kit to consumers with a quality formerly reserved for professionals. Following the company's continued strong performance, a second investment of £2.5 million was made in 2020, which included funds from Puma Alpha VCT.

Le Col's growth has been significant. In 2018, its revenues more than doubled and online sales grew sixfold, year-on-year, while its exports increased to 50 countries worldwide. In 2019, revenue grew by 70%.

Puma's investment has helped the company continue to develop its marketing strategy, through which it has driven growth in online sales, supported retail partnerships with e-tailers such as Wiggle and build high-profile partnerships including sponsorship of World Tour cycling team Team Bahrain McLaren.

Among these numerous partnerships, the brand has gained further recognition through its collaboration with Sir Bradley Wiggins, who developed a signature range, Le Col by Wiggins, which has gone from strength to strength. Since then, Le Col has also secured partnerships with Eurosport, Colnago, Sigma Sports and Wiggle. With increased focus on exercise during the Covid-19 crisis, online sales have continued to perform very strongly. Stock has been carefully managed as the company's Italian factory closed briefly, but no material interruptions were experienced. Le Col is building on the marketing insights gained during the period and considering options for further expanding its market reach.

Investment rationale

- Le Col has a compelling combination of in-demand products, professional insight and management experience.
- Since our initial investment, Le Col has continued to achieve strong growth through a focus on premium quality, performance-oriented products, and a well-defined brand and marketing strategy.
- Le Col's robust growth plan is complemented by a supportive sector. Cycling products contribute £700 million annually to the UK economy and this figure will likely rise as the UK Government strives to double cycling volumes by 2025.
- Based in the UK and exporting to 50 countries, Le Col owns its own factory, increasing its manufacturing and supply chain control.

Puma Investments' view

"Guided by Yanto's performance insight, design expertise and drive for perfection, Le Col is becoming the go-to brand for cyclists looking for the best kit. Our investment is supporting the team to leverage the explosive growth it's achieved over the last two years, ensuring Le Col continues on its exciting journey."

Harriet Rosethorn,
Investment Manager,
Puma Private Equity

Le Col's view

"We are delighted to partner with Puma Investments; their support will be key in facilitating the next phase of Le Col's growth. The gains we've made in the past two years have been exceptional and this latest investment will be instrumental in taking our market leading products to a global cycling audience."

Tictrac

Summary

Investment:	£5 million (of which Puma Alpha VCT invested £600,000)
Sector:	Health engagement platform
Location:	London, UK
Established:	2010
Expansion:	Roll out of SaaS (Software as a Service) model

Investment overview

In 2020, the Puma Funds invested £5 million of equity into Tictrac. Tictrac offers an advanced health and wellness app for insurance companies and corporate clients to provide to their user bases. The app integrates data from wearable technology, delivering it to end users in a digestible format to drive up levels of engagement and increase customer loyalty.

Tictrac has an impressive client base that ranges from globally recognised insurance providers such as Aviva, Allianz and Prudential to government health bodies. In addition to its market-leading technology and innovative user content, the company has achieved significant growth through establishing strong relationships across the industry. Created in 2010, its founders have assembled a high-quality management team to propel the business's future growth.

Tictrac sits at the juncture between two powerful trends – the use of technology to reshape insurance operations, and growing consumer engagement in health and wellness (driven by the rise in wearable technology). Having already gained a strong foothold in the industry, the company is in a good position to capitalise on these trends and establish itself as a leading provider of insurance technology. Our investment will help it to achieve further growth and expand its client base globally.

The Covid-19 pandemic places a renewed emphasis on employers to focus on the health and wellbeing of all employees. Tictrac continues to work with existing clients on roll-out, and chose to make its employee wellbeing platform available to all UK employers on a free trial basis to support them and their workforce during the crisis.

Investment rationale

- Tictrac has an experienced management team that has spent years developing its leading health and wellness app.
- The team has established long-term relationships with insurers and government health bodies.
- The company has a strong pipeline of new clients – which includes rolling out its offering to corporates as a health and wellness initiative for employees.
- Health and wellness is a key global trend with Tictrac providing an engaging tool for people to learn more about their health, drive new wellness habits and access relevant content.

Puma Investments' view

“Health and wellness is a central topic in today’s climate, for consumers as well as insurers, government health bodies and corporates, who are increasingly focused on the wellness of their employee base. Tictrac’s solution is uniquely positioned to take hold of this market by providing end users with engaging content on their own health and the latest wellness trends. We were impressed by the vision of Martin and his team and the business’s strong growth to date. We are delighted to be supporting them and look forward to working with them over the coming years.”

“We have been consistently impressed with Tictrac since our first meeting. Tictrac’s ability to heighten engagement is delivering real value to their customers whilst simultaneously driving focus amongst individuals on their own wellbeing. We’re all aware of the importance of this and its role in keeping our population healthy and easing pressure on our health services. Through this investment, we are pleased to support Tictrac’s pivotal work as we partner with them to assist their growth.”

Rupert West,

Managing Director, Puma Private Equity

Tictrac’s view

“Now more than ever, companies have a greater role and responsibility in supporting the health of their workforce. And while businesses are focused on sustaining retention and productivity – particularly with so many people working remotely – they are now tasked with trying to navigate health issues such as burn-out and striking a healthy work-life balance. This drove our motivation to launch our Employee Wellbeing platform; it’s playing such a critical role in supporting businesses in unifying their teams to create a happy, healthy and engaged workforce.”

“The funding has allowed us to bring this product to market and move to the next phase of our business. The aim at Tictrac is to inspire people to become more accountable for their own health and change the way people look after themselves, for good. We’re confident our Employee Wellbeing platform will help to achieve that.”

CEO and Co-Founder, Tictrac

Responding to the impact of Covid-19

As detailed in the investment examples above, Puma Private Equity has worked closely with external and internal advisory resources to support portfolio companies through the impact of Covid-19.

Puma Private Equity has an existing monitoring cycle that involves very close contact with its portfolio companies. Its standard process includes collecting daily sales figures, reviewing monthly management accounts, attending monthly board meetings and conducting a monthly portfolio review.

During the most uncertain early phases of Covid-19, the team significantly increased the level of interaction with portfolio companies and changed its portfolio review cycle from monthly to weekly, in order to help support the portfolio through a very fast changing landscape and draw on internal resources to help with scenario planning and cash management.

Puma Private Equity provided in-depth resources about the UK Government's support packages and hosted calls for portfolio management teams with its own advisers, in order to deliver guidance on key topics such as employment law. This helped ensure that management teams could concentrate on reacting to the crisis rather than scrutinising policy announcements.

Retaining a long-term view, the team has also worked with portfolio companies to prepare to capitalise on the opportunities for growth that may arise. Particular emphasis has been placed on helping companies gather insights from right across the economy when scenario planning. As a sector-agnostic investor, the team is able to draw on its in-depth experience of navigating the range of challenges growing businesses face as well as drawing on each scenario to share expertise and benefit the other companies within the portfolio.

Share Liquidity

The Ordinary Shares to be issued pursuant to the Offer will be admitted to the premium segment of the Official List and will be traded on the London Stock Exchange's market for listed securities. The secondary market for VCT shares is generally illiquid, which may be attributable to the fact that initial subscription tax reliefs are not available for VCT shares bought in the secondary market and because VCT shares typically trade at a discount to NAV. There may not, therefore, be a liquid market and Shareholders may find it difficult to realise their investment. The Company intends to buy back Shares at up to a 5% discount to the prevailing published net asset value. However, all buybacks are at the discretion of the Board and also subject to liquidity. Therefore, Shareholders should not rely upon any share buyback policy to offer certainty of selling their shares at prices that reflect the underlying NAV. An investment in the Company should therefore be considered as a long-term investment.

Conflicts of Interest

The Investment Manager, or any of its officers, employees, agents and affiliates and any person or company with whom they are affiliated or by whom they are employed (each an 'Interested Party'), may be involved in other financial, investment or other professional activities which may cause conflicts of interest with the Company. An Interested Party may not be liable to account for any profit made in connection with these activities. For example, and without limitation, an Interested Party may:

- (a) deal or invest in any investment, whether or not for its own account and notwithstanding that similar investments may be held by the Company;
- (b) enter into or be interested in any financial or other transaction with any entity, any of whose securities are held by or for the account of the Company;
- (c) allocate investment opportunities among the funds and accounts it manages in accordance with its internal policies;
- (d) arrange for the Company to acquire investments from or dispose of investments to any Interested Party or any investment fund or account advised or managed by any such person.

In the event of a conflict of interest arising, so far as it is within their powers to do so, the Directors will endeavour to ensure that it is resolved fairly and in accordance with the conflicts policy from time to time relating to the Company. To the extent that the Company intends to invest in a company in which another Puma Fund has invested or intends to invest, the investment must be approved by the Board.

VCT Tax Relief

The Directors intend to manage the Company's affairs so that it complies with the legislation applicable to VCTs. In this regard PricewaterhouseCoopers LLP (PwC) has been appointed to advise the Company on tax matters generally and, in particular, on its VCT status. Provisional approval of the Company as a VCT has been granted by HMRC. Full approval will be sought as soon as possible but will only be granted once at least 80% of the Company's investments by value are in Qualifying

Investments and the Company has complied with the other requirements relating to VCT qualification. Where requested, PwC or other suitably qualified professional advisers will assist the Investment Manager (while reporting directly to the Board) in seeking confirmation from HMRC of the status of each investment as a Qualifying Investment. Where requested, they will also advise on the status of VCT approval. Once full approval has been given, the Company must continue to satisfy HMRC's VCT requirements in order to maintain full approval.

VCTs offer significant tax advantages to individual investors when compared to many other investment products, and also provide an alternative way to access tax reliefs for investors who have used up their pension or ISA allowance. Consequently, VCTs continue to prove popular, raising £619 million in the 2019-20 tax year, which is the third highest amount since 2006. The income tax relief available on an investment is 30% up to a maximum of £200,000 invested per individual per tax year. The shares in the VCT need to be held for a minimum of five years to maintain this initial tax relief.

A summary of the tax reliefs for UK taxpayers who invest into a VCT are:

- Income tax relief of 30% of the amount invested, up to £200,000 per tax year
- Dividends received by investors from the VCT are tax free
- Capital gains made upon the disposal of the shares are tax free

Consequently, the effective net cost of an Ordinary Share in Puma Alpha VCT (which is being offered at an illustrative Offer Price of 98.27p before any Initial Fee is applied) is only 68.789p per Share.

Illustration of effect of tax relief to Qualifying Investors

The table below has been prepared for illustrative purposes only and does not form part of the summary of the tax reliefs contained in this section. The table shows how the initial tax reliefs available can reduce the effective cost of an investment of £10,000 in a VCT by a Qualifying Investor subscribing for VCT shares to only £7,000.

	Effective Cost	Tax Relief
Investors unable to claim any tax reliefs	£10,000	Nil
Qualifying Investor (higher rate taxpayer) able to claim full 30% income tax relief	£7,000	£3,000

The combined effect of the initial income tax relief, tax-free dividends and tax-free capital growth can substantially improve the net returns of an investor in a VCT.

Please note, however, that VCT tax reliefs can be subject to change and are dependent on an individual's circumstances.

In addition to the tax incentives that VCTs deliver to compensate investors for the higher level of risk that unlisted, early stage portfolio companies may present, other potential benefits of investing in a VCT include growth potential and diversification. As VCTs invest in smaller VCT-qualifying companies that are not listed on the main market of the London Stock Exchange, by their very nature, smaller companies have the potential to grow much faster than their larger, listed counterparts. VCTs can also provide a valuable source of portfolio diversification as their unlisted status delivers a useful contrast with more mainstream listed investments such as stocks and shares.

Income

The Board's objective is to produce regular tax-free distributions to Shareholders. The Company intends to pay a regular annual dividend commencing from 2023 (although there is no guarantee). From then on, the Company expects to achieve an average dividend payment equivalent to 5p per Share per annum (including the 2023 dividend) over the rest of the life of the Company. The Company expects to be able to make these annual payments from income received from its investments. The income received from the Company's investment portfolio should increase during the life of the Company as the number of investments rises and exits occur. Accordingly, the Company anticipates that the 2023 dividend may be lower than 5p but that each of the remaining annual dividends may be correspondingly higher than that figure. This should enable the Company to achieve its target of an annual dividend payment equivalent to 5p per Share per annum from 2023. The Company's ability to pay dividends is subject to the existence of realised profits, legislative requirements and the available cash reserves of the Company. It should also be noted that, subject to the reserves of the Company, the Company is required to distribute at least 85% of its income to its Shareholders in order to comply with the legislation applicable to VCTs.

Although the Company intends to pay a regular annual dividend from 2023, there is also the potential to pay special dividends if portfolio companies are sold at a profit before this date. Over any five-year period, the Company is looking to deliver 50p in positive returns for investors in the form of dividends or growth; although this is not guaranteed and no projection or forecast should be inferred or implied from such statement.

34 Investment objectives and policies

Investment Objectives

The Company's target is to produce attractive investment returns from a portfolio of unquoted UK companies (as well as, potentially, AIM and NEX quoted companies).

The Company's principal objectives are to:

- support the growth of UK SMEs
- maximise tax-free returns for Investors from a combination of dividends and interest received on investments, plus the distribution of capital gains arising from exits
- pay a regular annual dividend commencing from 2023 and from that point on to achieve an average dividend payment equivalent to 5p per Share per annum (including the 2023 dividend) over the rest of the life of the Fund.
- maintain VCT status to enable Investors to benefit from 30% income tax relief on investments as well as tax-free income and capital gains.

Investment Policy

In line with the legislative framework governing the Company, the Company's investment policy is designed to comply with VCT legislation, which is key to the proposition being offered to Investors.

The Company will target investments in unquoted companies with a strong management team, a proposition that is commercially validated through sales volume, a clear and comprehensive plan for growth, and which operate in a well-defined market niche.

The Company seeks to build up a diversified portfolio of investments which should allow the Company to capture significant upside from individual positions but also provide resilience in the event of an economic downturn. Given current global macro-economic uncertainties, the Directors believe this is attractive positioning from a risk-adjusted-return perspective.

Unquoted investments are likely to be in the form of ordinary shares but may use other instruments including, but not limited to, loan stock, convertible securities and fixed interest securities. The Company may also invest in stocks that are quoted on the London Stock Exchange (including AIM) and on NEX; such stocks may include ordinary shares, preference shares and/or loan stock (which may be unsecured). As well as quoted securities, the Company may hold investments in permitted funds, including interest bearing money market open-ended investment companies (OEICs) in addition to cash on deposit.

Qualifying Investments

Qualifying Investments comprise investments in companies which are carrying out a qualifying trade (as defined under the relevant VCT legislation), and have a permanent establishment in the UK, although some may trade overseas. The Qualifying Companies in which investments are made must have no more than £15 million of gross assets immediately prior to the investment (and £16 million immediately after the investment), fewer than 250 employees (or 500 employees in the case of a Knowledge Intensive Company) and generally cannot have been trading for more than seven years (or 10 years in the case of a Knowledge Intensive Company) at the time of the Company's investment. Several other conditions must be met for an investment to be classed as a VCT Qualifying Investment; further details of these are set out on page 39.

The Company intends to utilise the proceeds of the Offer to build up a portfolio of Qualifying Investments. In any event, the Company must ensure that at least 80% by value of the company's investments are in qualifying holdings by the start of the accounting period in which the third anniversary of the date the shares were issued falls. At least 30% of all new funds raised by the Company must be

invested in Qualifying Investments within 12 months of the end of the accounting period in which the Company issued the shares.

Non-Qualifying Investments

Funds not yet employed in Qualifying Investments will be managed with the intention of generating a return and ensuring the Company has sufficient liquidity to invest in Qualifying Investments as and when opportunities arise. Subject to the Investment Manager's view from time to time of desirable asset allocation and the rules applicable to VCTs (as set out on page 39), the non-qualifying portfolio will comprise quoted and unquoted investments (direct or indirect) in cash or cash equivalents, bonds, equities, collective investment schemes (including UCITs), permitted vehicles investing in property, bond funds and funds of funds or in cash on deposit. Where the Company invests in quoted equities, it may seek to limit its overall market exposure through protective options (or through other hedging strategies).

These non-qualifying investments may also be provided to businesses that have already received, or may in the future receive, investment from other funds or entities advised or managed by companies in the Investment Managers' group of companies.

Subject to the rules applicable to VCTs (as set out on page 39), the Company may invest in the above assets and may also invest through a holding in other funds or companies managed or advised by the Investment Manager or its affiliates. The Company will not be charged management fees by the Investment Manager in relation to its investment in such funds or companies managed or advised by the Investment Manager or its affiliates.

Borrowing Policy

The Company has no present intention of utilising gearing as a strategy for improving or enhancing returns. Under the Company's Articles of Association, the borrowings of the Company will not, without the previous sanction of the Company in general meeting, exceed 50% of the aggregate total amount received from time to time on the subscription of Shares in the Company.

Within the Qualifying Investments Portfolio, the Company will typically be able to restrict the investee company's ability to borrow, although it is anticipated that investee companies will have borrowings including overdrafts and may have other forms of third party finance arrangements such as invoice financing.

Risk Diversification and Maximum Exposures

It is intended that risk will be spread by investing in a number of different businesses within different industry sectors using a mixture of securities. The maximum amount invested in any one company (inclusive of any related group company) is limited to 15% of the value of the portfolio in accordance with the VCT legislation at the time of investment.

Target Asset Allocation

Initially, the majority of funds will be invested in Non-Qualifying Investments. These will be progressively reduced to provide funds for Qualifying Investments in accordance with VCT rules requiring at least 80% of the Fund's assets to be invested in Qualifying Investments.

Changes to the Investment Policy

The Company will not make any material changes to its investment policy without shareholder approval.

Profile of Typical Investor

A typical Investor for whom the Company is designed is a retail investor and/or sophisticated investor and/or high net-worth individual who is a UK tax resident with sufficient income and capital available to be able to commit to an investment for over five years and who is attracted by the income tax relief available for a VCT investment..

Other Key Policies

Distribution policy

The Company intends (although there can be no guarantee) to pay a regular annual dividend commencing in 2023. From then on, the Company expects to achieve an average dividend payment equivalent to 5p per Share per annum (including the 2023 dividend) over the rest of the life of the Company. The Company expects to be in a position to make such annual payments from income received from its investments and proceeds from disposals of those investments. The income received from the Company's investment portfolio should increase during the life of the Company as the number of investments made rises. Accordingly, the Company anticipates that the 2023 dividend may be lower than 5p per Share but that each of the remaining annual dividends may be correspondingly higher than that figure so that the target of an annual dividend payment equivalent to 5p per Share per annum from 2023 is achieved.

Although the Company intends to pay a regular annual dividend from 2023, there is also the potential to pay special dividends if portfolio companies are sold at a profit before this date. Over any five-year period, the Company is looking to deliver 50p in positive returns for investors in the form of dividends or growth; although this is not guaranteed and no projection or forecast should be inferred or implied from such statement.

It should also be noted that, subject to the reserves of the Company, the Company is required to distribute at least 85% of its income to its Shareholders in order to comply with the legislation applicable to VCTs. The Company's ability to pay dividends is subject to the existence of realised profits, legislative requirements and the available cash reserves of the Company and, accordingly, no profit forecast should be inferred or implied from such statements.

Post-Investment Management

Once an investment is made, the Investment Manager will monitor each investment and will expect to meet with the management of investee companies on a regular basis to review performance, recommend measures to encourage growth and, finally, decide when best to exit the investment. As the values of underlying investments increase, the Investment Manager will monitor opportunities for the Company to realise gains, with the intention of making tax-free distributions to Shareholders.

To aid investee companies' development, a member of the investment team will normally join an investee company's board.

Throughout the course of the investment, the company will be assessed by the Investment Manager's Monitoring Committee. The Committee reviews the company's performance against agreed key performance indicators and monitors its adherence to any financial covenants. The company will provide monthly management accounts which are reviewed and scrutinised. If companies do not perform as expected, the Investment Manager will work closely with management and strive to remedy any issues. It is possible that a company could fail and the investment in that company could be lost. The Investment Manager may also make follow-on investments. It also has the option to co-invest with other Puma funds to enable quicker investment and more diversification.

Before investing in a company, the Investment Manager assesses the exit strategy and continues to monitor it throughout the life of the investment. This determines how management will position the company for an exit, and could take the form of a trade sale, public listing or a buyout in order to create the best return for investors.

Co-Investment Policy

The Company expects to co-invest alongside other Puma Funds, including Puma Alpha EIS which has the same investment mandate (investing into attractive, growing companies across a range of sectors in the UK), in future investments that comply with the Company's investment policy. This should allow the Company to invest in a broader range of transactions and of a larger scale than it might otherwise be able to access on its own, enabling swifter deployment of funds and giving investors access to a wider pool of investments.

Where more than one of the Puma Funds wishes to participate in an investment opportunity, allocations will be offered to each party in proportion to their respective funds available for investment, subject to:

- (i) priority being given to any funds that require such investment in order to maintain their tax status;
- (ii) the time horizon of the investment opportunity being compatible with the exit strategy of each fund; and/or
- (iii) the risk/reward of the investment opportunity being compatible with the target return for each fund.

In the event of any conflicts between the funds, the issues will be resolved at the discretion of the independent Directors. The Investment Manager in turn operates robust conflict of interest procedures to manage potential conflicts. A copy of the applicable conflicts of interest policy is available on the following website: <http://www.pumainvestments.co.uk>.

Valuation Policy

Unquoted investments will be valued at fair value in accordance with the IPEV Guidelines. Investments in AIM and NEX market traded companies will be valued at the prevailing bid price.

In summary, what this means is that the Investment Manager's Finance and Monitoring team will look at trading performance and any market comparable (mergers, acquisitions or other investments) to estimate the fair value of portfolio holdings from time to time. Where comparable market activity is limited, they may use metrics established at the point of investment, adjusted for trading performance. Fair value is the amount for which an asset could be exchanged between knowledgeable, willing parties in an arm's length transaction.

The material accuracy of these valuations is supported by the VCT's auditors in their report included in the VCTs annual and interim financial statements.

The Investment Manager will be responsible for the determination and calculation of the Net Asset Value of the Company in accordance with the policies set out above, with the values being published in the Company's annual report and accounts and its interim results (see below) and other occasions at the Board's discretion. The relevant Net Asset Values will also be announced through a Regulatory Information Service. The Company does not anticipate any circumstances arising under which valuations may be suspended. However, if this was to occur, the suspension would be announced through a Regulatory Information Service.

Share Buyback Policy

The Offer Shares are intended to be traded on the London Stock Exchange's main market for listed securities although it is likely that there will be an illiquid market for such shares. In such circumstances, shareholders may find it difficult to sell their Shares in the market and, therefore, the Company intends to pursue an active buy back policy to improve the liquidity in the Shares where the Company may repurchase Shares which Shareholders wish to sell at a discount of 5% to the latest published Net Asset Value. The Board believes this creates an attractive proposition for both current and future Shareholders.

Buybacks are subject to applicable regulations, market conditions at the time and the Company having both the necessary funds and distributable cash resources available for the purpose. The making and timing of any share buybacks will remain at the absolute discretion of the Board.

As with all VCTs, the Directors expect that there will be limited demand for share buybacks from Shareholders within the first five years because the only sellers are likely to be deceased Shareholders' estates and those Shareholders whose circumstances have changed (to such extent that they are willing to repay the 30% income tax relief in order to gain access to the net proceeds of the sale).

Shareholder Reporting

The Directors believe that communication with Shareholders is important. In addition to regular announcements of the NAV being released to the London Stock Exchange and periodic newsletters, Shareholders will have access to a copy of the Company's annual report and accounts (expected to be published each September) and a copy of the Company's interim results (expected to be published each February). These will be made available on the Investment Manager's website.

In order to reduce the administrative burden and cost of communicating with Shareholders, the Company intends to publish all notices, documents and information to be sent to Shareholders generally ("**Shareholder Documents**") via the Investment Manager's website (<http://www.pumainvestments.co.uk>). Increased use of electronic communications will deliver significant savings to the Company in terms of administration, printing and postage costs, as well as speeding up the provision of information to Shareholders. The reduced use of paper will also have general environmental benefits. Shareholders will be notified when Shareholder Documents are published on the Investment Manager's website.

Such notification will be delivered electronically (or by post where no email address has been provided for that purpose) and, unless Investors complete the relevant section of the Application Form to receive hard copy Shareholder Documents or, as Shareholders, they subsequently notify the Company of the same, Shareholders will not receive hard copies of the Shareholder Documents.

All Qualifying Subscribers will automatically be provided with certificates enabling them to claim income tax relief.

Allotment, dealings and settlement

Applications will be made to the FCA for the Offer Shares to be issued pursuant to the Offer to be admitted to the premium segment of the Official List and to the London Stock Exchange for the Ordinary Shares to be admitted to trading on its main market for listed securities.

It is intended that an initial allotment of Ordinary Shares pursuant to the Offer will be made on or around 1 April 2021. Successful applicants will be notified by post. Dealings may commence prior to notification.

Dealings in Offer Shares are expected to commence within ten Business Days of their allotment.

Ordinary Shares will be issued in registered form and will be freely transferable in both certificated and uncertificated form and are not redeemable. It is anticipated that definitive share certificates will be issued within 10 Business Days of each allotment.

Ordinary Shares will be capable of being transferred by means of the CREST system. Investors who wish to take account of the ability to trade their Ordinary Shares in uncertificated form (and who have access to a CREST account) may arrange through their professional adviser to convert their holding into dematerialised form.

The Offer may not be withdrawn after dealings in the Ordinary Shares have commenced. In the event of any requirement for the Company to publish a supplementary prospectus, applicants who have yet to be entered into the Company's register of members will be given two days to withdraw from their subscription.

Applicants should note, however, that such withdrawal rights are a matter of law that is yet to be tested in the courts of England and Wales and applicants should, therefore, rely on their own legal advice in this regard. In the event that notification of withdrawal is given

by post, such notification will be effected at the time the applicant posts such notification rather than at the time of receipt by the Company.

Corporate Governance

The UK Corporate Governance Code (the "Code") published by the Financial Reporting Council in July 2018 applies to the Company. The Directors note that the Code acknowledges that it does not set out a rigid set of rules and that some provisions may have less relevance for investment companies and, in particular, consider some areas inappropriate due to the size and nature of the business of the Company.

Accordingly, the Company will comply with all the provisions of the Code save that (i) the Company does not conduct on an annual basis a formal review as to whether there is a need for an internal audit function, as the Directors do not consider that an internal audit would be an appropriate control for a venture capital trust, (ii) as all the Directors are non-executive, it is not considered appropriate to appoint a nomination or remuneration committee and in light of the responsibilities delegated to the Investment Manager, its VCT status adviser and Company secretary, the Company has not appointed a chief executive, deputy chairman or a senior independent non-executive Director and (iii) in view of its non-executive nature and the requirement under the Articles that all Directors are subject to election by Shareholders at the first annual general meeting after their appointment and thereafter at every third annual general meeting, the Board considers that it is not appropriate for the Directors to be appointed for a fixed term, nor for them to be re-elected annually.

In light of the responsibilities retained by the Board and the Audit Committee and of the responsibilities delegated to the Investment Manager and the Company secretary, the Company has not appointed a chief executive, deputy chairman or a senior independent non-executive director.

Market Abuse Regulation

The Market Abuse Regulation sets out requirements relating to insiders, director dealings and market soundings. In particular, directors, Persons Discharging Managerial Responsibilities and Persons Closely Associated with them must notify the Company of any transaction in the Company's shares. There is also a restriction of dealing in the Company's shares during a closed period. MAR also stipulates that public disclosure of inside information by the Company must be done without delay (other than in limited circumstances). The FCA must be formally notified following the announcement of any delay.

The Directors are aware of their obligations under MAR and the Company has a share dealing policy and a procedure to comply with the requirements set out in MAR.

Key Rules and Regulations

Venture Capital Trust Regulations

In continuing to maintain its VCT status, the Company must comply with a number of regulations as set out in Part 6 of ITA. How the main regulations apply to the Company is summarised as follows:

- (i) the Company's ordinary share capital is listed on a regulated European market;
- (ii) the Company holds at least 80% (by value) of its investments in Qualifying Companies;
- (iii) at least 70% of the Company's Qualifying Investments (by value) are held in "eligible shares";
- (iv) at least 30% of all new funds raised by the Company must be invested in Qualifying Investments within 12 months of the end of the accounting period in which the Company issued the shares;
- (v) at least 10% of each investment in a Qualifying Company is held in "eligible shares" (broadly by value at time of investment);
- (vi) no investment constitutes more than 15% of the Company's portfolio (by value at time of investment);
- (vii) the Company's income for each financial year is derived wholly or mainly from shares and securities;
- (viii) the Company distributes sufficient revenue dividends to ensure that no more than 15% of the income from shares and securities in any one year is retained;
- (ix) no investment can be made in a company which causes that company to receive more than £5 million of Risk Finance State Aid investment (including from VCTs) in the 12 months ending on the date of the Company's investment (£10 million in the case of a Knowledge Intensive Company);
- (x) no payment or distribution is made to any shareholder directly or indirectly from share capital or share premium account until after the third anniversary of the end of the accounting period in which the shares were issued (other than a buyback of shares);
- (xi) no investment can be made in a company which causes that company to receive more than £12 million (£20 million if the company is deemed to be a Knowledge Intensive Company) of Risk Finance State Aid investment (including from VCTs) over the company's lifetime;
- (xii) no investment can be made by the Company in a company whose first commercial sale was more than 7 years (or 10 years in the case of a Knowledge Intensive Company) prior to date of investment, except where previous Risk Finance State Aid was received by the company within 7 years or where a 'turnover test' is satisfied (Knowledge Intensive Companies will be able to choose whether to use the current test of the date of first commercial sale or the point at which turnover reached £200,000 to determine when the 10-year period has begun);
- (xiii) a company which has received investment from the Company cannot use such investment to acquire another existing business or trade;
- (xiv) to be Qualifying Investments, investee companies must have objectives to grow and develop over the long-term and there must be a significant risk that the investor will lose more capital than they gain as a return (including any tax relief);
- (xv) the investment must be used for the purpose of growth and development of the company; and
- (xvi) the VCT must not make a non-Qualifying Investment other than those specified in section 274 ITA.

Failure to comply with these regulations could result in the loss of the Company's VCT status.

Listing Rules

In accordance with the Listing Rules:

- (i) the Company may not invest more than 10%, in aggregate, of the value of its total assets at the time an investment is made in other listed closed-ended investment funds except listed closed-ended investment funds which have published investment policies which permit them to invest no more than 15% of their total assets in other listed closed-ended investment funds;
- (ii) the Company must not conduct any trading activity which is significant in the context of its group (if any) as a whole; and
- (iii) the Company must, at all times, invest and manage its assets in a way which is consistent with its objective of spreading investment risk and in accordance with its published investment policy as set out in this document. This investment policy is in line with Chapter 15 of the Listing Rules and Part 6 of ITA.

40 The Board and Investment Management Team

Board of Directors

The Board has overall responsibility for the Company's affairs, including determining its investment policy and having overall control, direction and supervision of the Investment Manager. The Board comprises two non-executive directors who act independently of the Investment Manager together with one director appointed by the Investment Manager. A majority of the Board, including the Chairman, are independent of the Investment Manager.

Egmont Kock, Chairman

Egmont was previously a partner at Deloitte where he served both on Deloitte Consulting's Global Executive and on Deloitte's UK Executive and European Board. He led Deloitte's consultancy business across the Europe, Middle East and Africa regions, working with CEOs and senior executives implementing change in major companies and institutions around the world. He has invested in start up businesses, and is currently Chairman of Doodle Productions Limited, a company which has produced a new animated cartoon series for the BBC. The Company has appointed Puma Investment Management Limited as an external authorised small Alternative Investment Fund Manager.

Expenses and administration

Investment management and administration

The Investment Manager is paid an annual investment management fee of 2% (plus VAT if applicable) of the Net Asset Value. The fee is payable quarterly in arrears.

The Investment Manager will also provide certain administration and company secretarial services to the Company for an annual fee of 0.35% of the Net Asset Value (plus VAT if applicable), payable quarterly in arrears.

The Directors estimate that, in the 12 month period to 28 February 2021, fees payable to them will not exceed £60,000 in respect of arrangements currently in force.

The Company is responsible for its normal third party costs including (without limitation) listing fees, audit and taxation services, legal fees, sponsor fees, registrars' fees, receiving agent fees, Directors' fees and other incidental costs. Excluding the Investment Manager's annual fee, it is expected that the annual running costs of the Company will be approximately 1% of the Net Asset Value. The Directors anticipate that the total annual costs will be approximately 3% of the Net Asset Value per annum (as has been the case for the current Puma VCTs). In any event the Investment Manager has agreed to reduce its annual investment management fee by such amount as is equal to the excess by which the Annual Running Expenses of the Company exceeds 3.5% of its Net Asset Value

A maximum of 75% of the Company's management expenses will be capable of being charged against capital reserves with the balance charged against revenues.

Performance Incentive Fees

The Investment Manager will also be entitled to a performance incentive fee payable in relation to each accounting period, subject to the Performance Value per Share being at least 120p at the end of the relevant period. The amount of the performance incentive fee will be equal to 20% of the amount by which the Performance Value per Share at the end of an accounting period exceeds the High Water Mark (being the higher of 120p and the highest Performance Value per Share at the end of any previous accounting period), and multiplied by the number of Shares in issue at the end of the relevant period.

Fees, charges and pricing of the Offer

Commission

Commission is permitted to be paid to authorised financial intermediaries under the rules of the FCA in respect of execution only clients where no advice or personal recommendation has been given. Such authorised financial intermediaries who, acting on behalf of their clients, return valid Application Forms bearing their stamp and FCA number will usually be entitled to an initial commission of 1% of the amount payable in respect of the Ordinary Shares allocation for each such Application Form. Additionally, provided that the intermediary continues to act for the client and the client continues to be the beneficial owner of the Shares, such authorised financial intermediaries will usually be paid an annual trail commission by the Promoter of 0.35% of the Net Asset Value for each such Share for a period of 5 years from the Closing Date.

Adviser Charge

Commission is generally not permitted to be paid to authorised Financial Advisers who provide a personal recommendation to UK retail clients on investments in VCTs. Instead of commission being paid by the Company, a fee will usually be agreed between the adviser and Investor for the advice and related services ("Adviser Charge"). This fee can either be paid directly by the Investor to the intermediary or, if it is a one-off fee, the payment of such fee may be made by the Registrar. If the payment of the Adviser Charge is to be made by the Registrar on behalf of the Investor, then the Investor's Financial Adviser is required to specify the amount of the charge on the Application Form.

44 Expenses and administration

(continued)

Fees, charges and pricing of the Offer (continued)

Initial Fee

The expenses charged to Investors by the Company in relation to their application will be the Initial Fee.

Puma Investments will charge the Company an Initial Fee, for its role as promoter, of up to 3% (plus VAT if applicable) of the monies subscribed for Shares under the Offer after the deduction of any amounts used to pay any Adviser Charges (any lower amount being at the discretion of Puma Investments).

Puma Investments may, in certain circumstances, agree to pay enhanced commission over and above these terms, but any such enhanced commissions will not be payable by either the Investors or the Company.

Out of its fees, Puma Investments (not the Investors) will be responsible for initial and trail commission (as described under the paragraph headed "Commission" above) to intermediaries (where permitted).

Income tax relief is available on the total amount subscribed for Shares (but not including the amount of the Adviser Charge settled by the Registrar prior to subscription for Shares), subject to VCT Rules, personal circumstances and changes in the availability of tax reliefs.

The Directors may, at their discretion, allow an enhanced share allocation for Investors who have invested in other Puma VCTs or for any other Investors at their discretion.

The fee structure is based on the relevant applicable rules of the FCA and HMRC as they apply at the date of this document. In the event that there is a change in these rules that affects this fee structure, the Directors reserve the right to make amendments to the fee structure outlined in this document.

Transaction Fees

The Investment Manager is entitled to charge the underlying investee companies fees for arrangement and structuring and, to the extent that other services are provided, additional fees may be agreed. For the avoidance of doubt, these fees are not borne by the Company. Subject to FCA inducement and conflict of interest rules, fees may be paid to introducers in respect of the introduction of transactions.

Number of Shares to be issued and Pricing of the Offer

The number of Shares to be issued to each Investor will be calculated as follows using the following Allotment Formula:

Number of Shares = Amount remitted less (i) Initial Fee and (ii) Adviser Charges (if any) rounded down to the nearest whole number of Shares, divided by latest published NAV per Ordinary Share

The Initial Fee is 3% of the investment amount for all applications. The Promoter may agree to reduce its Initial Fee in whole or in part in respect of specific Investors or groups of Investors.

The Offer Price applying in respect of an Investor, therefore, varies according to the applicable NAV per Ordinary Share used in the Allotment Formula, the level of the Initial Fee and whether any Adviser Charge is to be payable from the monies provided with the application.

Taxation

THE FOLLOWING INFORMATION IS ONLY A SUMMARY OF THE LAW CONCERNING THE TAX POSITION OF INDIVIDUAL QUALIFYING SUBSCRIBERS IN VCTS. THEREFORE, POTENTIAL INVESTORS ARE RECOMMENDED TO CONSULT A DULY AUTHORISED FINANCIAL ADVISOR AS TO THE TAXATION CONSEQUENCES OF AN INVESTMENT IN THE COMPANY. ALL TAX RELIEFS REFERRED TO IN THIS DOCUMENT ARE UK TAX RELIEFS DEPENDENT ON COMPANIES MAINTAINING THEIR VCT QUALIFYING STATUS. TAX RELIEF MAY BE SUBJECT TO CHANGE AND WILL DEPEND ON INDIVIDUAL CIRCUMSTANCES.

Taxation of a VCT

VCTs are exempt from corporation tax on chargeable gains, with no restriction on the distribution of realised capital gains by a VCT, subject to the requirements of company law. VCTs will be subject to corporation tax on their income (generally excluding dividends received from UK companies) after deduction of attributable expenses.

Tax reliefs for individual investors

In order to benefit from the tax reliefs outlined below, individuals who subscribe must be aged 18 or over.

Relief from Income Tax

Relief from income tax of 30% will be available on subscriptions for shares in a VCT, subject to the Qualifying Limit (currently £200,000 per tax year). The relief, which will be available in the year of subscription, cannot exceed the amount which reduces the income tax liability of the Qualifying Subscriber in that year to nil. Relief may not be available if there is a loan linked with the investment. Relief will not be available, or, where given, will be withdrawn,

either in whole or in part, where there is any disposal (except on death) of the shares (or of an interest in them or right over them) before the end of the period of five years beginning with the date on which the shares were issued to the Qualifying Subscriber.

Relief is restricted or not available where a Subscriber disposes of shares in the same VCT within six months of their subscription, whether the disposal occurs before or after the subscription.

Income tax relief is available on the total amount subscribed (but not including the amount of the Adviser Charge settled by the Registrar prior to subscription for Shares), subject to VCT Rules, personal circumstances and changes in the availability of tax reliefs.

Dividend Relief

Any Qualifying Subscriber, who has acquired shares in a VCT of a value of no more than

£200,000 in any tax year, will not be liable for UK income tax on any dividends paid out on those shares by the VCT. There is no withholding tax on dividends.

Capital Gains Tax Relief

A disposal by a Qualifying Subscriber of his or her shares in a VCT will give rise to neither a chargeable gain nor an allowable loss for the purposes of UK capital gains tax. This relief is limited to the disposal of shares acquired within the £200,000 limit for any tax year.

Loss of Tax Reliefs

Relief from corporation tax on capital gains will be withdrawn should a company that has been granted approval or provisional approval as a VCT fail to maintain the conditions required to keep its qualifying status. After such a status is lost, all gains will fail to benefit from tax exemption.

For investors, loss of VCT status could result in:

- claw-back of the 30% tax relief previously obtained on the subscription for new VCT shares;
- any payments of dividends made by the company during the accounting period in which the company loses VCT status, and thereafter, being subject to income tax; and
- a liability to tax on capital gains as would normally occur on the disposal of shares, except for any part of the gain that could be attributed to the time when the company had VCT status.

Qualifying Investors investing in a company that has provisional approval as a VCT, but fails to obtain full unconditional approval as a VCT may experience the following consequences:

- claw-back of the 30% tax relief previously obtained on the subscription for new VCT shares and interest on any overdue tax;
- any payments of dividends by the company being subject to income tax; and
- any gain from the disposal of any shares being subject to capital gains tax and losses on the shares being allowable losses for capital gains tax purposes.

For the purposes of sections 3 and 4 below, references to shares should be viewed as eligible VCT shares.

46 Taxation (continued)

The impact of the death of an investor

Initial Income Tax

Should any investor die having made an investment in a VCT, the transfer of shares on his or her death will not be viewed as a disposal of shares and so there will not be any claw-back of the income tax relief obtained on the subscription for those shares. However, the shares transferred will become part of the estate of the deceased for inheritance tax purposes.

Tax implications for the beneficiary

The beneficiary of any VCT shares inherited from a deceased investor will continue to be entitled to tax-free dividends and tax-relief on disposal, but will not be entitled to any initial income tax relief because they have not subscribed for those shares.

The impact of a transfer of shares between spouses

As it is not deemed a disposal of shares, any transfer of shares between spouses will continue to benefit from all tax reliefs.

General

Investors not residing in the UK

Investors who are not resident in the UK or who may become a non-resident should seek their own professional advice as to the consequences of making an investment in a VCT, as they may be subject to tax in other jurisdictions as well as in the UK.

Stamp Duty and Stamp Reserve Tax

No stamp duty or stamp duty reserve tax is payable on the issue of shares. The transfer on the sale of shares is usually liable to ad valorem stamp duty or stamp duty reserve tax. Such duties would be payable by the individual who purchases the shares from the original subscriber.

Purchasing shares after listing

Any qualifying purchaser of existing VCT shares, rather than new VCT shares, will not qualify for income tax relief on investments, but may be able to receive exemption from tax on dividends and capital gains tax on disposal of his or her VCT shares if those shares are acquired within the investor's annual £200,000 limit.

The information in this Part 2 is based on existing legislation, including taxation legislation. The tax legislation of the UK and of any other jurisdiction to which an Investor is subject may have an impact on the income received from the securities. The tax reliefs described are those currently available. Levels and bases of, and relief from taxation are subject to change and such change could be retrospective.

Financial Information on the Company

A. Introduction

The Company's auditor is RSM UK Audit LLP, registered auditor, of 25 Farringdon Street London EC4A 4AB and regulated by The Institute of Chartered Accountants of Scotland and has been the only auditor of the Company since its incorporation on 11 April 2019.

Additional Information

1. The Company

- 1.1 The Company was incorporated and registered in England and Wales on 11 April 2019 under the name Puma Alpha VCT plc with registered number 11939975 as a public company limited by shares under the Act. The principal legislation under which the Company operates, and under which the Ordinary Shares have been created, is the Act and the regulations made thereunder. The legal and commercial name of the Company is Puma Alpha VCT plc.
- 1.2 The Company is domiciled in England. The LEI of the Company is 2138007CHIGAM5X58N94.
- 1.3 On 1 July 2019 the Registrar of Companies issued the Company with a certificate under section 761 of the Act. On 4 July 2019 the Company gave notice to the Registrar of Companies of its intention to carry on business as an investment company under section 833 of the Act.

2. Share capital

- 2.1 The Company was incorporated with two ordinary shares issued fully paid to the subscribers to the memorandum of the Company which are held by HK Nominees Limited and HK Registrars Limited.
- 2.2 The following ordinary and special resolutions are to be proposed at the General Meeting and the issue and allotment of Ordinary Shares under the Offer is conditional upon the passing of those resolutions (referred to in paragraphs 2.2.1, 2.2.2 and 2.2.3 below) at that general meeting:

Ordinary Resolutions

- 2.2.1 That, in addition to existing authorities, the Directors be and hereby are generally and unconditionally authorised in accordance with section 551 of the Act to exercise all the powers of the Company to allot shares in the Company or to grant rights to subscribe for or to convert any security into shares in the Company. This power is limited to the allotment of relevant securities up to an aggregate nominal amount of £439,000, such authority was to expire on the later of 15 months from the date of the resolution or the next annual general meeting of the Company (unless previously revoked, varied or extended by the Company in general meeting);
- 2.2.2 That the payment of a promoter fee by the Company to the Promoter in relation to the Offer, being a related party, is approved;

Special Resolutions

- 2.2.3 That the Directors be and hereby are empowered (pursuant to section 570(1) of the Act) to allot or make offers or agreements to allot equity securities (as defined in section 560(1) of the Act) for cash pursuant to the authority referred to in paragraph 2.2.1 above as if section 561 of the Act did not apply to any such allotment, such power to expire at the conclusion of the Company's next annual general meeting, or on the expiry of 15 months following the passing of the

resolution, whichever was the later (unless previously renewed or extended by the Company in general meeting). This power was limited to the allotment of equity securities in connection with:

- 2.2.3.1 the Offer;
- 2.2.3.2 an offer of equity securities by way of rights; and
- 2.2.3.3 otherwise than pursuant to paragraphs 2.2.3.1 and 2.2.3.2, an offer of equity securities up to an aggregate nominal amount of 20% of the issued ordinary share capital of the Company immediately following closing of the Offer;
- 2.2.4 That, the Directors be and hereby are authorised to make one or more market purchases (within the meaning of section 693(4) of the Act) of Ordinary Shares provided that:
 - 2.2.4.1 the maximum aggregate number of Ordinary Shares authorised to be purchased was an amount equal to 14.99% of the issued ordinary share capital of the Company following the Offer;
 - 2.2.4.2 the minimum price which could be paid for an Ordinary Share was £0.01;

50 Additional Information

(continued)

- 2.2.4.3 the maximum price which could be paid for an Ordinary Share was an amount, exclusive of expenses, equal to the higher of (i) 105% of the average of the middle market prices shown in the quotations for a Share in the Daily Official List of the London Stock Exchange for the five Business Days immediately preceding the day on which that Share is purchased and (ii) the amount stipulated by Article 5(6) of the Market Abuse Regulation; and
- 2.2.4.4 unless renewed, the authority thereby conferred was to expire either at the conclusion of the next annual general meeting of the Company or on the expiry of 15 months from the passing of this resolution, whichever is the later to occur, save that the Company may, prior to such expiry, enter into a contract to purchase Ordinary Shares which will or may be completed or executed wholly or partly after such expiry; and
- 2.2.5 That, subject to approval by the High Court of Justice, the amount standing to the credit of the share premium account of the Company, at the date an order is made confirming such cancellation by the Court, is cancelled.
- 2.3 On 26 June 2019, 50,000 Redeemable Preference Shares in the Company were allotted and issued to the Investment Manager and paid up as to one-quarter so as to enable the Company to obtain a certificate under section 761 of the Act. On 30 June 2020, the Redeemable Preference Shares were fully paid up and thereafter redeemed by the Company (out of the proceeds of the offer for subscription that was launched on 5 July 2019), and subsequently cancelled.
- 2.4 As at 29 February 2020 (being the end of the last financial year of the Company for which audited financial information has been published), the share capital of the Company consisted of 4,006,472 Ordinary Shares of £0.01 each (fully paid) and 50,000 Redeemable Preference Shares of £1 each (paid up as to one-quarter). The beginning of that financial year commenced on the incorporation of the Company, when the share capital of the Company consisted of two Ordinary Shares (as referred to in paragraph 2.1 above).
- 2.5 Following incorporation (when the two Ordinary Shares referred to in paragraph 2.1 above were issued), the Company has made the following allotments of Ordinary Shares pursuant to the 2019 Offer (all fully paid) at an offer price of £1.00 per share:
- 2.5.1 3,468,037 Ordinary Shares were allotted on 15 January 2020;
- 2.5.2 538,433 Ordinary Shares were allotted on 26 February 2020;
- 2.5.3 558,101 Ordinary Shares were allotted on 10 March 2020;
- 2.5.4 203,348 Ordinary Shares were allotted on 23 March 2020;
- 2.5.5 807,157 Ordinary Shares were allotted on 3 April 2020; and
- 2.5.6 807,157 Ordinary Shares were allotted on 29 May 2020.
- 2.6 Save as disclosed in this paragraph 2 and pursuant to the Offer, since the date of its incorporation, no share capital of the Company has been issued or agreed to be issued, or is now proposed to be issued, and no share or loan capital of the Company is under option or has been agreed conditionally or unconditionally to be put under option.
- 2.7 At the date of this document the issued fully paid share capital of the Company is:
- | Class of shares | Issued (fully paid) | |
|-----------------|---------------------|---------------|
| | £ | No. of Shares |
| Ordinary Shares | 58,878.53 | 5,887,853 |
- 2.8 The issued fully paid share capital of the Company immediately after the Offer has closed (assuming (i) the Offer is fully subscribed with the over-allotment facility fully utilised; (ii) that the Offer Price is 98.27p per Ordinary Share and (iii) an Initial Fee of 3% applies to all subscriptions) will be as follows:
- | Class of shares | Issued (fully paid) | |
|-----------------|---------------------|---------------|
| | £ | No. of Shares |
| Ordinary Shares | 355,001.45 | 35,500,145 |
- 2.9 The Shares will be in registered form and temporary documents of title will not be issued. The ISIN of the Ordinary Shares is GB00BGMG7F10 and the SEDOL code is BGMG7F1.

2.10 The Company will be subject to the continuing obligations of the FCA and the London Stock Exchange with regard to the issue of securities for cash and the provisions of section 561 of the Act (which confers on shareholders rights of pre-emption in respect of the allotment of equity securities which are, or are to be, paid up in cash) will apply to the Company to the extent any such issues are not subject to the dis-application referred to in sub-paragraph 2.2.2 above.

3. Articles of Association

3.1 The Articles of the Company provide that its principal object is to carry on the business of a Venture Capital Trust and that the liability of members is limited.

3.2 The Articles of the Company, which were adopted by special resolution on 26 June 2019, contain, inter alia, provisions to the following effect:

3.2.1 Voting Rights

Subject to any disenfranchisement as provided in paragraph 3.2.5 below and subject to any special terms as to voting on which any Shares may be issued, on a show of hands every member present in person (or being a corporation, present by authorised representative) shall have one vote and, on a poll, every member who is present in person or by proxy shall have one vote for every Share of which he is the holder. The Shares shall rank *pari passu* as to rights to attend and vote at any general meeting of the Company.

3.2.2 Rights Attaching to the Redeemable Preference Shares

Each of the Redeemable Preference Shares carries the right to a fixed, cumulative, preferential, dividend of 0.1% per annum (exclusive of any imputed tax credit available to shareholders) on the nominal amount thereof, but confers no right to vote except as otherwise agreed by the holders of a majority of the Shares. On a winding-up, the Redeemable Preference Shares confer the right to be paid the nominal amount paid on such shares. The Redeemable Preference Shares are redeemable at any time by the Company and by the holder at any time. Each Redeemable Preference Share which is redeemed, shall, thereafter, be cancelled without further resolution or consent.

3.2.3 Transfer of Shares

The Ordinary Shares are in registered form and will be freely transferable. All transfers of Ordinary Shares must be effected by a transfer in writing in any usual form or any other form approved by the Directors. The instrument of transfer of an Ordinary Share shall be executed by or on behalf of the transferor and, in the case of a partly paid share by or on behalf of the transferee. The Directors may refuse to register any transfer of a partly paid Share, provided that such refusal does not prevent dealings taking place on an open and proper basis and may also refuse to register any instrument of transfer unless:

3.2.3.1 it is duly stamped (if so required), is lodged at the Company's registered office or with its registrars or at such other place as the Directors may appoint and is accompanied by the certificate for the shares to which it relates and such other evidence as the Directors may reasonably require to show the right of the transferor to make the transfer;

3.2.3.2 it is in respect of only one class of share; and

3.2.3.3 the transferees do not exceed four in number.

3.2.4 Dividends

The Company may in general meeting by ordinary resolution declare dividends in accordance with the respective rights of the members, provided that no dividend shall be payable in excess of the amount recommended by the Directors. The Directors may pay such interim dividends as appear to them to be justified. No dividend or other monies payable in respect of an Ordinary Share shall bear interest as against the Company. There are no fixed dates on which entitlement to a dividend arises.

All dividends unclaimed for a period of twelve years after being declared or becoming due for payment shall be forfeited and shall revert to the Company.

52 Additional Information

(continued)

3.2.5 Disclosure of Interest in Ordinary Shares

If any member or other person appearing to be interested in shares of the Company is in default in supplying within 42 days (or 28 days where the shares represent at least 0.25% of its entire issued share capital) after the date of service of a notice requiring such member or other person to supply to the Company in writing all or any such information as is referred to in section 793 of the Act, the Directors may, for such period as the default shall continue, impose restrictions upon the relevant shares.

The restrictions available are the suspension of voting or other rights conferred by membership in relation to meetings of the Company in respect of the relevant shares and additionally in the case of a shareholder representing at least 0.25% by nominal value of any class of shares of the Company then in issue, the withholding of payment of any dividends on, and the restriction of transfer of, the relevant shares.

3.2.6 Distribution of Assets on Liquidation

On a winding-up, any surplus assets of the Company will be divided amongst the holders of its Shares according to the respective numbers of Shares held by them in the Company and in accordance with the provisions of the Act, subject to the rights of any shares which may be issued with special rights or privileges. The Articles

provide that the liquidator may, with the sanction of a resolution and any other sanction required by the Act, divide amongst the members in specie the whole or any part of the assets of the Company in such manner as he may determine.

3.2.7 Changes in Share Capital

3.2.7.1 Without prejudice to any rights attaching to any existing shares, any share may be issued with such rights or restrictions as the Company may by ordinary resolution determine or in the absence of such determination, as the Directors may determine. Subject to the Act, the Company may issue shares, which are, at the option of the Company or the holder, liable to be redeemed.

3.2.7.2 The Company may by ordinary resolution increase its share capital, consolidate and divide all or any of its share capital

3.2.7.3 into shares of larger amount, sub-divide its shares or any of them into shares of smaller amounts, or cancel or reduce the nominal value of any shares which have not been taken or agreed to be taken by any person and diminish the amount of its share capital by the amount so cancelled or the amount of the reduction.

3.2.7.4 Subject to the Act, the Company may by

special resolution reduce its share capital, any capital redemption reserve and any share premium account, and may also, subject to the Act (and by resolution of the holders of the shares repurchased where such shares are convertible shares), purchase its own shares.

3.2.8 Variation of Rights

Whenever the capital of the Company is divided into different classes of shares, the rights attached to any class may (unless otherwise provided by the terms of issue of that class) be varied or abrogated either with the consent in writing of the holders of not less than 75% of the nominal amount of the issued shares of that class or with the sanction of a resolution passed at a separate meeting of such holders.

3.2.9 Directors

Unless and until otherwise determined by the Company in general meeting, the number of Directors shall not be less than two nor more than ten. The continuing Directors may act notwithstanding any vacancy in their body, provided that, if the number of the Directors be less than the prescribed minimum, the remaining Director or Directors shall forthwith appoint an additional Director or additional Directors to make up such minimum or shall convene a general meeting of the Company for the purpose of making such appointment.

Any Director may in writing under his hand appoint

- (a) any other Director, or
- (b) any other person who is approved by the Board of Directors as hereinafter provided, to be his alternate. A Director may at any time revoke the appointment of an alternate appointed by him. Every person acting as an alternate Director shall be an officer of the Company, and shall alone be responsible to the Company for his own acts and defaults, and he shall not be deemed to be the agent of or for the Director appointing him.

Subject to the provisions of the Act, the Directors may from time to time appoint one or more of their body to be Managing Director or Joint Managing Directors of the Company, or to hold such other executive office in relation to the management of the business of the Company as they may decide.

A Director of the Company may continue to be or become a Director or other officer, servant or member of any company promoted by the Company or in which it may be interested as a vendor shareholder, or otherwise, and no such Director shall be accountable for any remuneration or other benefits derived as director or other officer, servant or member of such company.

The Directors may from time to time provide for the management and transaction of the affairs of the Company in any specified locality, whether at home or abroad, in such manner as they think fit.

3.2.10 Directors' Interests

3.2.10.1 A Director who is in any way, directly or indirectly, interested in a transaction or arrangement with the Company shall, at a meeting of the Directors, declare, in accordance with the Act, the nature of his interest.

3.2.10.2 Provided that he has declared his interest in accordance with paragraph 3.2.10.1, a Director may be a party to or otherwise interested in any transaction or arrangement with the Company or in which the Company is otherwise interested and may be a director or other officer or otherwise interested in any body corporate promoted by the Company or in which the Company is otherwise interested. No Director so interested shall be accountable to the Company, by reason of his being a Director, for any benefit that he derives from such office or interest or any such transaction or arrangement.

3.2.10.3 A Director shall not vote nor be counted in the quorum at a meeting of the Directors in respect of a matter in which he has any material interest otherwise than by virtue of his interest in shares, debentures or other securities of, or otherwise in or through the Company, unless his interest arises only because the case falls within one or more of the following paragraphs:

- (a) the giving to him of any guarantee, security or indemnity in respect of money lent or an obligation incurred by him at the request of or for the benefit of the Company or any of its subsidiary undertakings;
- (b) the giving to a third party of any guarantee, security or indemnity in respect of a debt or an obligation of the Company or any of its subsidiary undertakings for which he has assumed responsibility in whole or in part under a guarantee or indemnity or by the giving of security;

54 Additional Information

(continued)

- (c) any proposal concerning the subscription by him of shares, debentures or other securities of the Company or any of its subsidiary undertakings or by virtue of his participating in the underwriting or sub-underwriting of an offer of such shares, debentures or other securities;
 - (d) any proposal concerning any other company in which he is interested, directly or indirectly, whether as an officer or shareholder or otherwise, provided that he and any persons connected with him do not (to his knowledge) hold an interest in shares representing 1% or more of any class of the equity share capital of such company or
 - (e) of the voting rights available to members of the company;
 - (f) any proposal relating to an arrangement for the benefit of the employees of the Company or any subsidiary undertaking which does not award to any Director as such any privilege or advantage not generally awarded to the employees to whom such arrangement relates; and
 - (g) any arrangement for purchasing or maintaining for any officer or auditor of the Company or any of its subsidiaries, insurance against any liability which by virtue of any rule of law would otherwise attach to him in respect of any negligence, breach of duty or breach of trust for which he may be guilty in relation to the Company or any of its subsidiaries of which he is a director, officer or auditor.
- 3.2.10.4 When proposals are under consideration concerning the appointment of two or more Directors to offices or employment with the Company, or any company in which the Company is interested, the proposals may be divided and considered in relation to each Director separately and (if not otherwise precluded from voting) each of the Directors concerned shall be entitled to vote and be counted in the quorum in respect of each resolution except that concerning his own appointment.
- 3.2.11 Remuneration of Directors
- 3.2.11.1 The ordinary remuneration of the Directors shall be such amount as the Directors shall from time to time determine (provided that, unless otherwise approved by the Company in general meeting, the aggregate ordinary remuneration of such Directors, including fees from the Company, shall not exceed £100,000 per year) to be divided among them in such proportion and manner as the Directors may determine. The Directors shall also be paid by the Company all reasonable travelling, hotel and other expenses they may incur in attending meetings of the Directors or general meetings or otherwise in connection with the discharge of their duties.
- 3.2.11.2 Any Director who, by request of the Directors, performs special services for any purposes of the Company may be paid such reasonable extra remuneration as the Directors may determine.
- 3.2.11.3 The emoluments and benefits of any executive director for his services as such shall be determined by the Directors and may be of any description, including membership of any pension or life assurance scheme for employees or their dependants or, apart from membership of any such scheme, the payment of a pension or other benefits to him or his dependants on or after retirement or death.
- 3.2.12 Retirement of Directors
- A Director shall retire from office at or before the third annual general meeting following the annual general meeting at which he last retired and was re-elected. A retiring

Director shall be eligible for re-election. A Director shall be capable of being appointed or re-appointed a Director despite having attained any particular age.

3.2.13 Borrowing Powers

Subject as provided below, the Directors may exercise all the powers of the Company to borrow money and to mortgage or charge its undertaking, property and uncalled capital.

The Directors shall restrict the borrowings of the Company and exercise all voting and other rights or powers of control over its subsidiary undertakings (if any) so as to secure that the aggregate amount at any time outstanding in respect of money borrowed by the group, being the Company and its subsidiary undertakings for the time being (excluding intra-group borrowings), shall not, without the prior sanction of an ordinary resolution of the Company, exceed a sum equal to 50% of the aggregate total amount received from time to time on the subscription of shares of the Company.

3.2.14 Uncertificated Shares

CREST, a paperless settlement system enabling securities to be evidenced otherwise than by a certificate and transferred otherwise than by a written instrument, was introduced in July 1996. The Articles are consistent with CREST membership and allow for the holding and transfer of shares in uncertificated form pursuant to the Uncertificated Securities Regulations 2001.

The Company anticipates that it will enter the CREST system on admission of the Shares to the London Stock Exchange.

3.2.15 General Meetings

The Company shall, within 6 months of a company's financial year end, at such time and place as may be determined by the Directors, hold a general meeting as its annual general meeting in addition to any other meetings in that year.

The Directors may, whenever they think fit, convene a general meeting of the Company, and general meetings shall also be convened on such requisition or in default may be convened by such requisitions as are provided by the Act. Any meeting convened under this Article by requisitions shall be convened in the same manner as near to as possible as that in which meetings are to be convened by the Directors.

An annual general meeting shall be called by not less than twenty-one days' notice in writing, and all other general meetings of the Company shall be called by not less than fourteen days' notice in writing. The notice shall be exclusive of the day on which it is given and of the day of the meeting and shall specify the place, the day and hour of meeting, and, in the case of special business, the general nature of such business. The notice shall be given to the members (other than those who, under the provisions of the Articles or the terms of issue of the

shares they hold, are not entitled to receive notice from the Company), to the Directors and to the Auditors. A notice calling an annual general meeting shall specify the meeting as such and the notice convening a meeting to pass a special resolution or an ordinary resolution as the case may be shall specify the intention to propose the resolution as such.

In every notice calling a meeting of the Company or any class of the members of the Company there shall appear with reasonable prominence a statement that a member entitled to attend and vote is entitled to appoint one or more proxies to attend and, on a poll, vote instead of him, and that a proxy need not also be a member.

If within half an hour from the time appointed for the meeting a quorum is not present, the meeting, if convened by or upon the requisition of members, shall be dissolved. In any other case it shall stand adjourned to such time (being not less than fourteen days and not more than twenty-eight days hence) and at such place as the Chairman shall appoint. At any such adjourned meeting the member or members present in person or by proxy and entitled to vote shall have power to decide upon all matters which could properly have been disposed of at the meeting from which the adjournment took place.

56 Additional Information

(continued)

The Company shall give not less than seven clear days' notice of any meeting adjourned for the want of a quorum and the notice shall state that the member or members present as aforesaid shall form a quorum.

The Chairman may, with the consent of the meeting (and shall, if so directed by the meeting) adjourn any meeting from time to time and from place to place. No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

4. Directors and Other Interests in the Company

- 4.1 Save as otherwise described in this paragraph 4, neither the Company nor the Directors are aware of any person who, as at the date of this document or immediately after the close of the Offer (assuming (i) the Offer is fully subscribed (with no utilisation of the over-allotment facility), (ii) an Offer Price of 98.27p per Offer Share and (iii) an Initial Fee of 3% applies to all subscriptions), directly or indirectly, jointly or severally, will exercise or could exercise control over the Company or who will be interested directly or indirectly in 3% or more of the issued share capital of the Company.
- 4.2 The interests of the Directors and their immediate families in the share capital of the Company, all of which are beneficial, as they are expected to be following the close of the Offer, and of persons connected to the Directors and their immediate families and the existence of which is known to, or could with reasonable diligence, be ascertained by that Director, will be as set out below together

with the percentages which such interests represent of the Shares in issue (assuming (i) the Offer is fully subscribed (with no utilisation of the over-allotment facility), (ii) an Offer Price of 98.27p per Offer Share and (iii) an Initial Fee of 3% applies to all subscriptions):

- 4.10 None of the Directors or members of the Investment Manager in the five years prior to the date of this Prospectus:-
- 4.10.1 save as set out in paragraph 4.9 above, is currently a director of a company or a partner in a partnership or has been a director of a company or a partner in a partnership;
- 4.10.2 has any unspent convictions in relation to fraudulent offences;

4.10.3 save as set out in paragraphs 4.9, 4.11 and 4.12, has had any bankruptcies, receiverships, liquidations or administrations through acting in the capacity of a member of any administrative, management or supervisory bodies or as a partner, founder or senior manager of any partnership or company; and

4.10.4 has had any official public incriminations and/or sanctions by any statutory or regulatory authority (including any designated professional body) nor has ever been disqualified by a Court from acting as a member of the administrative management or supervisory bodies of any company or firm acting, or in the management or conduct of the affairs of, any company or firm.

- 4.11 On 11 February 2011, Richard Oirschot was appointed as a non-executive director to the board of HWA Group Limited ("HWA Group"). On 15 June 2011 he resigned that role and was appointed as a non-executive director to the board of HWA Group's subsidiary, HWA Limited (HWA), and to the board of HWA's subsidiary, Holloway White Allom Limited (HWAL). In each case Richard was appointed as an investor director in connection with his role as a consultant for Privet Capital, a business that invested in turnaround businesses. Privet Capital had purchased HWA Group, and was attempting to implement a turnaround plan.

58 Additional Information

(continued)

In view of financial situation the HWA Group found itself in, HWAL was placed into administration on 5 October 2011. On 25 February 2013 notice was given of a move from administration to a creditors' voluntary liquidation. As at 26 April 2019, the date of the last joint liquidators' report relating to HWAL, the remaining amounts owing to the secured creditors were approximately £8.9 million, with approximately £22.9 million owing to unsecured creditors. The 26 April 2019 report noted that there would be insufficient realisations to enable further distributions to either secured or unsecured creditors. HWAL is still undergoing creditors' voluntary liquidation, and Richard Oirschot is still a director of HWAL at the date of this document.

HWA was placed into creditors' voluntary liquidation on 5 December 2011. As at 8 March 2013, the date of the last joint liquidators' report relating to HWA, the amounts owing to the secured creditors were approximately £11.5 million, with approximately £8.4 million owing to unsecured creditors. The 8 March 2013 report noted that there would be insufficient realisations to enable any distributions to be made to either secured or unsecured creditors. Richard Oirschot's appointment as a director of HWA terminated on 16 August 2013 when the company was dissolved following the creditors' voluntary liquidation.

HWA Group (renamed Privet H Limited) was placed into creditors' voluntary liquidation on 5 December 2011. As at 8 March 2013, the date of the last joint liquidators' report relating to HWA Group, the amounts owing to the secured creditors were approximately £11.5 million, with approximately £9 million owing to unsecured creditors. The 8 March 2013 report noted that there

would be insufficient realisations to enable any distributions to be made to either secured or unsecured creditors. Richard Oirschot's appointment as a director of HWA Group had terminated on 15 June 2011, prior to the company being placed into creditors' voluntary liquidation.

4.12 On 2 July 2004 Michael van Messel was appointed a director of UK Hotels (Finance) Plc (a wholly owned subsidiary of UK Group of Hotels Plc (formerly Puma Hotels Plc)) and resigned on 10 June 2014. The company's principal activity was to provide finance to other group companies, with a financing raised through the issue of bonds which were listed on the Channel Islands Stock Exchange. The failure of these group companies led to the demise of the company which was placed into administration on 11 September 2014. The company also provided security by way of a fixed and floating charge over its assets to secure the borrowings of group companies. The administrator's statement of proposals as at 27 October 2014 referred to an estimated deficiency as regards creditors of the company of approximately £72 million. Subsequently, the company was dissolved on 17 December 2015. Further, the amounts owing to the secured creditors of the group companies were approximately £120 million.

4.13 The Company has taken out directors' and officers' liability insurance for the benefit of the Directors.

4.14 The estimated aggregate remuneration for the Company, including benefits in kind, to be paid to the Directors in the financial period ending 28 February 2021, based on the arrangements currently in place with each Director, will not exceed £60,000.

4.15 The Directors, the Investment Manager and the directors of the Investment Manager do not have any conflicts of interest between their duties to the Company and their private interests or other duties, except for Michael van Messel (who is a director of Shore Capital Limited (the holding company of the Investment Manager) and a shareholder of Shore Capital Group Limited, the ultimate holding company of the Investment Manager), with the Investment Manager being a party to the agreements referred to in paragraphs 5.1, 5.2, 5.4, 5.5 and 5.7 below. Michael van Messel is consequently interested in these agreements.

4.16 There are no restrictions agreed by any Director or member of the Investment Manager on the disposal within a certain time period of their holdings in the Company's securities.

4.17 There are no amounts set aside or accrued by the Company to provide pension, retirement or similar benefits to the Directors.

4.18 None of the Directors have any service contract with the Company providing for benefits upon termination of employment. See paragraph 5.3 below which refers to the Directors' Letters of Appointment.

4.19 The audit committee of the Company comprises the independent Directors and shall meet at least twice a year. The Company's auditors may be required to attend such meetings. The Committee shall prepare a report each year addressed to the shareholders for inclusion in the Company's annual report and accounts. The duties of the Committee are, inter alia:

4.19.1 to review and approve the half yearly and annual results of the Company and the statutory accounts before submission to the Board;

- 4.19.2 to review management accounts;
 - 4.19.3 to review internal control and risk management systems;
 - 4.19.4 to consider the appointment of the external auditor, to monitor its independence and objectivity, the level of audit fees and to discuss with the external auditor the nature and scope of the audit; and
 - 4.19.5 to consider matters of corporate governance as may generally be applicable to the Company and make recommendations to the Board in connection therewith as appropriate.
- 4.20 The Company does not have a remuneration committee or a nomination committee.

5. Material Contracts

The following constitutes a summary of the principal contents of each material contract entered into by the Company, otherwise than in the ordinary course of business, since its incorporation. There are no other contracts, not being contracts entered into in the ordinary course of business, entered into by the Company which contain any provision under which the Company has an obligation or entitlement which is material to the Company as at the date of this document:

5.1 2019 Offer Agreement

The 2019 Offer Agreement dated 5 July 2019 and made between the Company (1), the Directors (2), the Sponsor (3) and the Promoter (4), pursuant to which the Sponsor agreed to act as sponsor to the 2019 Offer and the Promoter undertook, as agent of the Company, to use its reasonable endeavours to procure subscribers under that offer. The Promoter was entitled to any

interest earned on subscription monies prior to the allotment of Ordinary Shares which were applied to defray the costs of the 2019 Offer. Under the 2019 Offer Agreement, the Company paid the Promoter a commission of 3% of the aggregate value of accepted applications for Ordinary Shares received pursuant to the 2019 Offer.

The Promoter was responsible for the payment of commission to authorised financial intermediaries in respect of execution only clients.

Under the 2019 Offer Agreement, which could be terminated by the parties in certain circumstances, the Promoter, the Company and the Directors gave certain warranties and indemnities.

Warranty claims must be made by no later than three months after the second annual general meeting of the Company following the closing date of the 2019 Offer at which Shareholders approve the Company's accounts or (if earlier) by the date the Company is subject to a takeover. The warranties were subject to limits of the greater of £1,000,000 or 5% of the proceeds of the 2019 Offer for the Promoter, and one year's director fees for each Director. The Company also agreed to indemnify the Sponsor and the Promoter. The warranties and indemnities were in usual form for a contract of this type. The 2019 Offer Agreement could be terminated by the Sponsor and/or the Promoter, inter alia, if any statement in the Prospectus was untrue, any material omission from the prospectus relating to the 2019 Offer arose or any breach of warranty occurred.

5.2 Investment Management Agreement

An agreement (the "Investment Management Agreement") dated 5 July 2019 and made between the Company and the Investment

Manager whereby the Investment Manager will provide discretionary investment management and advisory services to the Company in respect of its portfolio of Qualifying Investments and Non-Qualifying Investments.

The Investment Manager will receive an annual investment management fee equal to 2% of the Net Asset Value (plus VAT if applicable) in relation to its investment management services, together with an annual administration fee of 0.35% of the Net Asset Value (plus VAT if applicable) in relation to the administrative and company secretarial services. In both cases such fees will be payable quarterly in arrears, the first payments to be made in respect of the period commencing on the first allotment of Shares pursuant to the 2019 Offer and continuing until the termination of the Investment Management Agreement. No investment management fee has been paid to the Investment Manager in respect of the financial year ended 29 February 2020 (however, £8,530 was accrued in relation to that period which is exclusive of any applicable VAT).

The Investment Manager will also be entitled to a performance incentive fee payable in relation to each accounting period, subject to the Performance Value per Share being at least 120p at the end of the relevant accounting period. The amount of the performance incentive fee will be equal to 20% of the amount by which the Performance Value per Share at the end of an accounting period exceeds the High Water Mark (being the higher of 120p and the highest Performance Value per Share at the end of any previous accounting period), and multiplied by the number of Shares in issue at the end of the relevant period. No performance incentive fee was paid to the

60 Additional Information

(continued)

Investment Manager in respect of the financial year ended 29 February 2020.

The Company is responsible for its central running costs (including Directors' fees, the annual investment management fee and the administration fee), and normal third party costs including listing fees, audit and taxation services, legal fees, sponsor fees, registrars' fees, receiving agent fees and other incidental costs. The Investment Manager has agreed to reduce its annual investment management fee by such amount as is equal to the excess by which the Annual Running Expenses of the Company exceeds 3.5% of its Net Asset Value. The Investment Manager is also entitled to reimbursement of expenses incurred in performing its obligations. The Investment Manager is entitled to charge investee companies arrangement, structuring and monitoring fees, and to the extent that other services are provided, additional fees as may be agreed. Unless the members of the Board who are independent of the Investment Manager agree otherwise:

- (i) in the case of arrangement and structuring fees, the aggregate of such fees and expenses shall not exceed 3% of the value of the total investment (at the time of investment) by the Company; and
- (ii) in the case of monitoring fees and periodical fees, the aggregate of such fees (on a per annum basis) shall together not exceed 2.5% of the value of the total amount invested by the Company in such Investee Company.

The appointment of the Investment Manager took effect on 5 July 2019 and shall continue unless and until terminated by either party giving to the other not less than twelve calendar months' prior notice in writing, such notice not to take effect

before the end of the fifth anniversary following the last allotment of Shares pursuant to an offer for subscription made by the Company. The Investment Management Agreement is subject to earlier termination by either party in certain circumstances.

Any investment or other asset of any description of the Company (other than dematerialised securities which will be registered in the name of a nominee, Pershing Securities Limited, a private limited company resident in England and incorporated in England and Wales with company number 02474912, whose registered office is at Royal Liver Building, Pier Head, Liverpool, England, L3 1LL, an authorised firm under the FCA rules and governed by English law (or such other dematerialised custodian as the Company may appoint from time to time)), will be held in the Company's name, although in exceptional circumstances the Investment Manager or other suitable person may hold such investments or assets in the name of the Investment Manager or other suitable person acting as custodian where, due to the nature of the law or market practice of an overseas jurisdiction, it is in the best interests of the Company to do so or it is not feasible to do otherwise.

When conflicts occur between the Investment Manager and the Company because of other activities and relationships of the Investment Manager, the Investment Manager will ensure that the Company receives fair treatment or will rely on "Chinese Wall" arrangements restricting the flow of information within the Investment Manager's wider corporate group. Alternatively such conflicts will be disclosed to the Company. To the extent that the Company intends to invest in

a company in which another Puma Fund has invested or intends to invest, the investment must be approved by members of the Board who are independent of the Investment Manager unless the investment is made at the same time and / or on the same terms or in accordance with a pre-existing agreement between the Company and the Investment Manager.

The Investment Manager may make investments on behalf of the Company in collective investment vehicles of which it is manager or in companies where the Investment Manager has been involved in the provision of services to those companies and may receive commissions, benefits, charges or advantage from so acting. There will be no duplication of fees in such situations.

The provision by the Investment Manager of discretionary investment management and advisory services is subject to the overall control, direction and supervision of the Directors.

5.3 Directors' Letters of Appointment

Each of the Directors entered into an agreement with the Company dated 5 July 2019 as referred to in paragraph 4.7 above whereby he is required to devote such time to the affairs of the Company as the Board reasonably requires consistent with his role as non-executive Director. Each Director is entitled to receive an annual fee of £20,000 (plus VAT if applicable). Each party can terminate the agreement by giving to the other at least three months' notice in writing to expire at any time after the date 15 months from the respective commencement dates. No benefits are payable on termination. In respect of the last reporting period to 29 February 2020, no fees were paid to the Directors (however, £2,500 was

accrued in relation to each Director, which is exclusive of any applicable VAT, employers' national insurance or any out-of-pocket expenses).

5.4 Administration Agreement

An agreement dated 5 July 2019 and made between the Company and the Investment Manager whereby Investment Manager will provide certain administration services and company secretarial services to the Company in respect of the period from first Admission of the Ordinary Shares until the termination of the Administration Agreement with regard to all the investments of the Company, for an annual fee of 0.35% of the Net Asset Value (plus VAT if applicable). No fees in respect of such services have been paid to the Investment Manager in relation to the financial year ended 29 February 2020 (however, £2,000 was accrued in relation to that period which is exclusive of any applicable VAT).

The appointment of the Investment Manager as administrator took effect on the date on which the minimum subscription was raised under the 2019 Offer (which was on 15 January 2020) and shall continue unless and until terminated by either party giving to the other not less than twelve calendar months' prior notice in writing, such notice not to take effect before the end of the fifth anniversary following the last allotment of Shares pursuant to an offer for subscription made by the Company. The agreement is subject to earlier termination in certain circumstances.

5.5 Trade Mark Sub-Licence Agreement

An agreement ("the Trade Mark Sub-Licence Agreement") dated 5 July 2019 and made between Puma Investments and the Company, whereby Puma Investments grants to the Company a non-exclusive licence, at no cost, to use the "Puma" name in connection with the Company's activities.

The Trade Mark Sub-Licence Agreement commences from the date of the agreement and is terminable by either party if the other party suffers certain events of insolvency and is terminable by Puma Investments if any person or persons acting in concert (as defined in the City Code on Takeovers and Mergers) obtains control of the Company or if the Investment Management Agreement is terminated for any reason.

5.6 Custody Agreement

A Custody Agreement dated 5 July 2019 between the Company and Howard Kennedy LLP under which Howard Kennedy LLP agrees to hold securities in certificated form on behalf of the Company as custodian for an annual fee of £1,000 plus VAT, terminable by either party on one month's notice.

5.7 2020 Offer Agreement

The 2020 Offer Agreement dated 23 July 2020 and made between the Company (1), the Directors (2), the Sponsor (3) and the Promoter (4), pursuant to which the Sponsor has agreed to act as sponsor to the Offer and the Promoter has undertaken, as agent of the Company, to use its reasonable endeavours to procure subscribers under the Offer. The

Promoter will be entitled to any interest earned on subscription monies prior to the allotment of Ordinary Shares which will be applied to defray the costs of the Offer. Under the 2020 Offer Agreement, subject to Shareholder approval, the Company will pay the Promoter a commission of 3% of the aggregate value of accepted applications for Ordinary Shares received pursuant to the Offer.

The Promoter will be responsible for the payment of commission to authorised financial intermediaries in respect of execution only clients.

Under the 2020 Offer Agreement, which may be terminated by the parties in certain circumstances, the Promoter, the Company and the Directors have given certain warranties and indemnities. Warranty claims must be made by no later than three months after the second annual general meeting of the Company following the closing date of the Offer at which Shareholders approve the Company's accounts or (if earlier) by the date the Company is subject to a takeover. The warranties are subject to limits of the greater of £1,000,000 or 5% of the proceeds of the Offer for the Promoter, and one year's

62 Additional Information

(continued)

director fees for each Director. The Company has also agreed to indemnify the Sponsor and the Promoter. The warranties and indemnities are in usual form for a contract of this type. The 2020 Offer Agreement may be terminated by the Sponsor and/or the Promoter, inter alia, if any statement in the Prospectus is untrue, any material omission from the Prospectus arises or any breach of warranty occurs.

6. General

- 6.1 The principal place of business and registered office of the Company is at Cassini House, 57 St James's Street, London, SW1A 1LD. The telephone number of the Company is 020 7408 4100 and its website address is: <https://www.pumainvestments.co.uk>. The information on the website does not form part of the Prospectus unless that information is incorporated by reference into the Prospectus. The Company has no subsidiaries or associated companies.
- 6.2 There have been no governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Company is aware) during the previous 12 months which may have, or have had in the recent past, significant effect on the Company's financial position or profitability.
- 6.3 The Company does not have, nor has it had since incorporation, any employees and it neither owns nor occupies any premises.
- 6.4 The Sponsor will be entitled to receive a fee from the Company in connection with the Offer as described in paragraph 5.7 above. The Investment Manager may be a promoter of the Company and will receive management fees and other payments from the Company as described in paragraph 5.2 above.
- 6.5 Save as disclosed in paragraphs 4.5.1 and 5.7 above, no amount or benefit has been paid or given to any promoters and none is intended to be paid or given.
- 6.6 The Company's accounting reference date is 28 February in each year.
- 6.7 The Investment Manager is Puma Investment Management Limited, a private limited company registered in England and Wales and incorporated pursuant to and operating under the Act on 11 September 2012 under company number 8210180, which is authorised and regulated by the Financial Conduct Authority and whose principal place of business and registered office is at Cassini House, 57 St James's Street, London SW1A 1LD. The principal legislation under which it operates is the Act. The Investment Manager is domiciled in England and its legal and commercial name is Puma Investment Management Limited. The telephone number of the Investment Manager is 020 7408 4100 and its website is <https://www.pumainvestments.co.uk>. The information on their website does not form part of the Prospectus unless that information is incorporated by reference into the Prospectus.
- 6.8 The expenses of and incidental to the Offer and the listing of the Shares, including registration and listing fees, printing, advertising and distribution costs, legal and accounting fees and expenses, are payable by the Company. If the maximum of £20 million is raised under the Offer (assuming full subscription with no utilisation of the over-allotment facility and an Initial Fee of 3% on all such subscriptions), the net proceeds will amount to approximately £19.2 million.
- 6.9 RSM UK Audit LLP was appointed as auditor of the Company on 27 June 2019 and has been the auditor of the Company for the period covered by the historical financial information set out in Part 3. It is registered to carry out audit work by the Institute of Chartered Accountants for Scotland.
- 6.10 The Company has given notice to the Registrar of Companies, pursuant to section 833 of the Act, of its intention to carry out business as an investment company, which will enhance its ability to pay dividends out of income. If and when capital profits are realised which the Directors consider it appropriate to distribute by way of dividend (for example on the disposal of a successful investment), the Directors would anticipate revoking this status.
- 6.11 Michael van Messel is a director of certain companies in the Investment Manager's corporate group. Save for the agreements described in paragraphs 5.1, 5.2, 5.4, 5.5 and 5.7 of this Part 5 where the Investment Manager is a party to those agreements, there have been no related party transactions since the incorporation of the Company.
- 6.12 Save for the offer agreements detailed in paragraph 5 above, the fees paid to the Directors as detailed in paragraph 5 above and the fees paid under the management and administration agreements detailed in paragraph 5 above, there were no other related party transactions or fees paid by the Company to a related party during the period from 29 February 2020, the date of its last published unaudited financial information, to the date of this document.
- 6.13 The Company is of the opinion that the working capital available to the Company is sufficient for its present requirements, that is, for at least the next 12 months following the date of this document.

6.14 The capitalisation of the Company as at 29 February 2020 was as follows:

	£000's
Called up share capital	40
Legal reserve (share premium account)	3,763
Other reserves (includes revenue reserve)	134
Total	3,937

Since 29 February 2020, the Company has issued a further 1,881,381 Shares under the 2019 Offer and has redeemed the Redeemable Preference Shares (which has had the net effect of increasing the called up share capital to £5,887,853). Save for these share issues and the redemption, there has been no material change in the capitalisation of the Company since 29 February 2020.

6.15 Since incorporation, the Company has incurred no indebtedness. The Company has power to borrow under its Articles, details of are set out under the heading "Borrowing Powers" at paragraph 3.2.13 above.

6.16 As at the date of this Prospectus, the Company did not have loan capital outstanding, any other borrowings nor guaranteed, unguaranteed, secured and unsecured indebtedness, including indirect and contingent indebtedness. The Company has incurred no indirect or contingent indebtedness and has power to borrow under its respective Articles of Association, details of which are set out under the heading "Borrowing Powers" at paragraph 3.2.13 above.

6.17 The Company does not assume responsibility for the withholding of tax at source.

6.18 Securities in certificated form belonging to the Company will be held as custodian on its behalf by Howard Kennedy LLP whose

registered office is at No.1 London Bridge, London SE1 9BG (telephone 020 3755 6000) a limited liability partnership incorporated in England and Wales, resident in England and regulated by the Solicitors' Regulation Authority and governed by the Limited Liability Partnership Act 2000 and subject to English law. The terms upon which the securities are to be held are summarised in paragraph 5.6 of this Part 5.

6.19 The Company has to satisfy a number of tests to qualify as a VCT and will be subject to various rules and regulations in order to continue to qualify as a VCT, as set out under the heading "Taxation" in Part 2 of this document. In addition, the following restrictions are imposed upon the Company under the rules relating to admission to the Official List:

6.19.1 it, or any of its subsidiaries, must not conduct any trading activity which is significant in the context of the group as a whole;

6.19.2 it must not invest more than 10% in aggregate of the value of its total assets (at the time the investment is made) in other listed closed-ended investment funds except listed closed-ended investment funds which themselves have published investment policies to invest no more than 15% of their total assets in other closed-ended investment funds; and

6.19.3 it must manage and invest its assets in accordance with the investment policy set out on page 34 of this Prospectus, which contains information about the policies which it will follow relating to asset allocation, risk diversification and

gearing and which includes maximum exposure.

6.20 Puma Investments has given, and has not withdrawn, its written consent to the issue of this document with the inclusion of its name in this document and the information in that section in Part I of this document under the heading "The Investment Manager – a 24 Year Investment Management Track Record" and in that section in Part I of this document under the heading "Examples of investments made by Puma VCTs and EIS funds to date" for which it is stated to accept responsibility, in each case in the form and context in which they are included. The Investment Manager has authorised the inclusion of such information, and accepts responsibility for that information, and to the best of the knowledge of the Investment Manager (which has taken all reasonable care to ensure that such is the case) that information is in accordance with the facts and contain no omission likely to affect its import. The full name and address of the Investment Manager are set out on page 15.

6.21 The Offer has been sponsored by Howard Kennedy whose offices are at No.1 London Bridge, London SE1 9BG and which is authorised and regulated by the Financial Conduct Authority. The Sponsor has given, and has not withdrawn, its written consent to the issue of this document with the inclusion of its name in the form and context in which it is included.

6.22 The Offer is being promoted by Puma Investment Management Limited, which is authorised and regulated by the Financial Conduct Authority. The Promoter has given, and has not withdrawn, its written consent to the issue of this document with the inclusion of its name in the form and context in which it is included.

64 Additional Information

(continued)

- 6.23 Shareholders will be informed, through a regulatory information service announcement, if the investment restrictions which apply to the Company as a VCT detailed in this document are breached.
- 6.24 The results of the Offer will be announced through a regulatory information service within 3 Business Days of the closing of the Offer.
- 6.25 **Mandatory takeover bids:**
The City Code on Takeovers and Mergers (the "City Code") applies to all takeover and merger transactions in relation to the Company and operates principally to ensure that shareholders are treated fairly and are not denied an opportunity to decide on the merits of a takeover and that shareholders of the same class are afforded equivalent treatment. The City Code provides an orderly framework within which takeovers are conducted and the Panel on Takeovers and Mergers (the "Panel") has now been placed on a statutory footing. The Takeovers Directive was implemented in the UK in May 2006 and since 6 April 2007 has effect through the Act. The Takeovers Directive applies to takeovers of companies registered in an EU member state and admitted to trading on a regulated market in the EU or the EEA States.
- 6.26 The City Code is based upon a number of General Principles which are essentially statements of standards of commercial behaviour. General Principle One states that all holders of securities of an offeree company of the same class must be afforded equivalent treatment and if a person acquires control of a company the other holders of securities must be protected. This is reinforced by Rule 9 of the City Code which requires that a person, together with persons acting in concert with him, who acquires shares carrying voting rights which amount to 30% or more of the voting rights to make a general offer. "Voting rights" for these purposes means all the voting rights attributable to the share capital of a company which are currently exercisable at a general meeting. A general offer will also be required where a person, who, together with persons acting in concert with him, holds not less than 30% but not more than 50% of the voting rights, acquires additional shares which increase his percentage of the voting rights. Unless the Panel consents, the offer must be made to all other shareholders, be in cash (or have a cash alternative) and cannot be conditional on anything other than the securing of acceptances which will result in the offeror and persons acting in concert with him holding shares carrying more than 50% of the voting rights.
- 6.27 There are not in existence any current mandatory takeover bids in relation to the Company.
- 6.28 **Squeeze out:**
Section 979 of the Act provides that if, within certain time limits, an offer is made for the share capital of a company, the offeror is entitled to acquire compulsorily any remaining shares if it has, by virtue of acceptances of the offer, acquired or unconditionally contracted to acquire not less than 90% in value of the shares to which the offer relates and in a case where the shares to which the offer relates are voting shares, not less than 90%, of the voting rights carried by those shares. The offeror would effect the compulsory acquisition by sending a notice to outstanding shareholders telling them that it will compulsorily acquire their shares and then, six weeks from the date of the notice, pay the consideration for the shares to the relevant company to hold on trust for the outstanding shareholders. The consideration offered to shareholders whose shares are compulsorily acquired under the Act must, in general, be the same as the consideration available under the takeover offer.
- 6.29 **Sell out:**
Section 983 of the Act permits a minority shareholder to require an offeror to acquire its shares if the offeror has acquired or contracted to acquire shares in a company which amount to not less than 90% in value of all the voting shares in the company and carry not less than 90%, of the voting rights. Certain time limits apply to this entitlement. If a shareholder exercises its rights under these provisions, the offeror is bound to acquire those shares on the terms of the offer or on such other terms as may be agreed.
- 6.30 As at 29 February 2020, the date to which the most recent financial information on the Company has been drawn up, the audited NAV per Ordinary Share was 98.27p. The Shares will usually trade at a discount to their underlying net asset value. Shares in VCTs are inherently illiquid and there may be a limited market in the Ordinary Shares primarily because the initial tax relief is only available to those subscribing for newly issued Ordinary Shares which may, therefore, adversely affect the market price of the Ordinary Shares and the ability to sell them.

6.31 The existing issued Ordinary Shares will represent 16.6% of the enlarged Ordinary Share capital of the Company immediately following the Offer, assuming (i) the Offer is fully subscribed with the over-allotment facility fully utilised, (ii) with an Offer Price of 98.27p and (iii) an Initial Fee of 3% applies to all subscriptions, and on that basis Shareholders who do not subscribe under the Offer will, therefore, be diluted by 83.4%.

6.32 The Company and the Directors consent to the use of the Prospectus by financial intermediaries, from the date of the Prospectus until the close of the Offer, for the purpose of subsequent resale or final placement of securities by financial intermediaries for Shares until the close of the Offer, and accept responsibility for the information contained therein for such purpose. The Offer is expected to close on or before 3.00 pm on the Initial Closing Date, unless previously extended by the Directors to a date no later than 8 July 2021. There are no conditions attaching to this consent. Financial intermediaries may use the Prospectus only in the UK.

6.33 In the event of an offer being made by a financial intermediary, information on the terms and conditions of the Offer will be given to Investors by the financial intermediaries at the time that the Offer is introduced to Investors. Any financial intermediary using the Prospectus must state on its website that it is using the Prospectus in accordance with the consent set out in paragraph 6.32 above.

6.34 The maximum number of Ordinary Shares which are the subject of this Prospectus is 35,534,750 Ordinary Shares.

6.35 Any forward looking statements in this Prospectus do not in any way seek to qualify the working capital statement in paragraph 6.13 of this Part 5 and will be updated as required by the Prospectus Regulation Rules, the Listing Rules and the Disclosure Guidance & Transparency Rules, as appropriate.

6.36 The Prospectus has been approved by the Financial Conduct Authority, as competent authority under Regulation (EU) 2017/1129. The FCA only approves the Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by Regulation (EU) 2017/1129. Such approval shall not be considered as an endorsement of the Company or the quality of the Ordinary Shares that are the subject of this Prospectus. Investors should make their own assessment as to the suitability of investing in the Ordinary Shares.

6.37 The information contained in this document sourced from third parties has been accurately reproduced and, so far as the Company is aware and is able to ascertain from information published by the relevant third parties, no facts have been omitted which would render such information inaccurate or misleading. Where such information has been included in this document, the source of that information has been identified.

7. Documents for Inspection

The Company's memorandum and articles of association are available for inspection at the offices of Howard Kennedy LLP, No.1 London Bridge, London SE1 9BG, during normal business hours on any weekday (Saturdays, Sundays and public holidays excepted) from the date of this document until closing of the Offer and may also be inspected at the Company's website address at <http://www.pumainvestments.co.uk>.

Terms and Conditions of the Offer and Application

1. In these terms and conditions and the Application Form, the expression "Prospectus" means the prospectus for Puma Alpha VCT plc dated 23 July 2020. The expression "Application Form" means the application form for use in accordance with these Terms and Conditions and posting it (or delivering it by hand during normal business hours) to SLC Registrars, Elder House, St Georges Business Park, Weybridge, Surrey, KT13 0TS, or as otherwise indicated in this document or on the Application Form.
2. The right is reserved to reject any application or to accept any application or to accept any application in part only. Multiple applications are permitted. If any application is not accepted, or if any contract created by acceptance does not become unconditional, or if any application is accepted for less money than the subscription amount tendered, or if in any other circumstances there is an excess paid on application, the application monies or the balance of the amount paid or the excess paid on application will be returned (without interest) by post by a cheque crossed "A/C Payee only" in favour of the person named in Section 1 of the Application Form, at the risk of the applicant. In the meantime, application monies will be retained in the Company's bank account.
3. You may pay for your application for Ordinary Shares by cheque, bankers' draft or by BACS, provided that an Application Form is submitted at the same time.
4. The contract created with the Company by the acceptance of an application (or any proportion of it) in respect of the allotment of Ordinary Shares under the Offer will be conditional on Shareholders passing resolutions 1 to 3 to be proposed at the General Meeting. If this condition is not met, the Offer will be withdrawn and subscription monies will be returned to you at your own risk, without interest, in the manner set out in paragraph 15(ii) below. The Offer is not underwritten.
5. By completing and delivering an Application Form, you:
 - 5.1 offer to subscribe the amount specified on your Application Form for Shares at the Offer Price (subject to paragraph 13) and in accordance with the Prospectus, these terms and conditions and the Articles of the Company;
 - 5.2 (if your subscription is accepted), will be allocated the relevant number of Ordinary Shares as determined by the Allotment Formula;
 - 5.3 authorise your Financial Adviser, or whoever he or she may direct, to instruct the Registrar of the Company to send a document of title for, or credit your account in respect of, the number of Ordinary Shares for which your application is accepted and/or send a cheque for any monies returnable, by post, at your risk, to your address as set out on your Application Form;
 - 5.4 agree that your application may not be revoked and that this paragraph constitutes a collateral contract between you and the Company which will become binding upon despatch by post or delivery of your duly completed Application Form to the Company or to your Financial Adviser;
 - 5.5 warrant that your remittance will be honoured on first presentation and agree that if it is not so honoured, you will not be entitled to receive share certificates in respect of the Ordinary Shares applied for until you make payment in cleared funds for such Ordinary Shares and such payment is accepted by the Company in its absolute discretion (which acceptance shall be on the basis that you indemnify it, the Sponsor, and the Registrar against all costs, damages, losses, expenses and liabilities arising out of or in connection with the failure of your remittance to be honoured on first presentation) and you agree that, at any time prior to the unconditional acceptance by the Company of such late payment, the Company may (without prejudice to its other rights) avoid the agreement to subscribe such Ordinary Shares and may issue or allot such Ordinary Shares to some other person, in which case you will not be entitled to any payment in respect of such Ordinary Shares, other than the refund to you, at your risk, of the proceeds (if any) of the cheque, BACS payments or banker's draft accompanying your application, without interest;
- 5.6 agree that all cheques, BACS payments and bankers' drafts may be presented for payment on the due dates and any definitive document of title and any monies returnable to you may be retained pending clearance of your remittance and the verification of identity required by the ML Regulations and that such monies will not bear interest;
- 5.7 agree that if, following the issue of all or any Ordinary Shares applied for pursuant to the Offer, your remittance is not honoured on first presentation or you have failed to provide satisfactory evidence of your identity or your Application is otherwise deemed invalid, the Ordinary Shares may, forthwith upon payment by the Company (or any person it shall nominate) of the Offer Price of the Ordinary Shares to the Company, be transferred to the Company (or any person it shall nominate) at the relevant Offer Price per Ordinary Share and any Director of the Company is hereby irrevocably appointed and instructed to complete and execute all or any form(s) of transfer and/or any other documents in relation to the transfer of Ordinary Shares to the

- Company (or any person it shall nominate) or such other person as the Company may direct and to do all such other acts and things as may be necessary or expedient, for the purpose of or in connection with, transferring title to the Ordinary Shares to the Company, or such other person, in which case you will not be entitled to any payment in respect of such Ordinary Shares;
- 5.8 undertake to provide satisfactory evidence of identity within such reasonable time (in each case to be determined in the absolute discretion of the Company and the Sponsor) to ensure compliance with the ML Regulations;
- 5.9 agree that, in respect of those Ordinary Shares for which your application has been received and is not rejected, your application may be accepted at the election of the Company either by notification to the London Stock Exchange of the basis of allocation or by notification of acceptance thereof to the Registrar;
- 5.10 agree that all documents in connection with the Offer and any returned monies will be sent at your risk and will be sent to you at the address supplied in the Application Form;
- 5.11 agree that, having had the opportunity to read the Prospectus and Application Form, you shall be deemed to have had notice of all the information and representations, including the risk factors and these terms and conditions of, contained therein and agree to be bound by them;
- 5.12 confirm that (save for advice received from your financial adviser) in making such an application you are not relying on any information and representation other than those contained in the Prospectus and you accordingly agree that no person responsible solely or jointly for the Prospectus or any part thereof or involved in the preparation thereof will have any liability for any such other information or representation;
- 5.13 agree that all applications, acceptances of applications and contracts resulting therefrom under the Offer shall be governed by and construed in accordance with English law, that you submit to the jurisdiction of the courts of England and Wales and agree that nothing shall limit the right of the Company or the Sponsor to bring any action, suit or proceedings arising out of or in connection with any such applications, acceptances of applications and contracts in any other manner permitted by law or any court of competent jurisdiction;
- 5.14 irrevocably authorise the Registrar and/or the Sponsor or any person authorised by either of them, as your agent, to do all things necessary to effect registration of any Ordinary Shares subscribed for by or issued to you into your name and authorise any representative of the Registrar or of the Sponsor to execute any documents required therefore and to enter your name on the register of members of the Company;
- 5.15 agree to provide the Company with any information which it may request in connection with your application or to comply with the laws relating to VCTs or other relevant legislation (as the same may be amended from time to time) including without limitation satisfactory evidence of identity to ensure compliance with the ML Regulations;
- 5.16 warrant that, in connection with your application, you have observed the laws of all requisite territories, obtained any requisite governmental or other consents, complied with all requisite formalities and paid any issue, transfer or other taxes due in connection with your application in any territory and that you have not taken any action which will or may result in the Registrar and/or the Sponsor acting in breach of the regulatory or legal requirements of any territory in connection with the Offer as a result of your application;
- 5.17 confirm that you have read and complied with paragraph 6 below and warrant that neither of the Registrar and/or the Sponsor will infringe any laws of any such territory or jurisdiction directly or indirectly as a result of, or in consequence of any acceptance of, your application;
- 5.18 confirm that you have reviewed the restrictions contained in paragraph 7 below;
- 5.19 warrant that you are not under the age of 18 years;
- 5.20 agree that the Registrar and/or the Sponsor are each acting for the Company in connection with the Offer and for no-one else and that they will not treat you as their customer by virtue of such application being accepted or owe you any duties or responsibilities concerning the price of Ordinary Shares or concerning the suitability of Ordinary Shares for you or be responsible to you for any protections as a customer;
- 5.21 warrant that, if you sign the Application Form on behalf of somebody else or yourself and another or others jointly or a corporation, you have the requisite power to make such investments as well as the authority to do so and such person or corporation will also be bound accordingly and will be deemed also to have given the confirmations, warranties and undertakings contained in these terms and conditions and undertake (save in the case of signature by an authorised Financial Adviser on behalf of the

- 5.22 warrant that you are not subscribing for the Ordinary Shares using a loan which would not have been given to you or any associate or not have been given to you on such favourable terms, if you had not been proposing to subscribe for the Ordinary Shares;
- 5.23 warrant that the Shares are being acquired for bona fide commercial purposes and not as part of a scheme or arrangement the main purpose of which, or one of the main purposes of which, is the avoidance of tax. Obtaining tax reliefs given under the applicable VCT legislation is not itself tax avoidance;
- 5.24 warrant that you are not a "US Person" as defined in the United States Securities Act of 1933 ("Securities Act") (as amended), nor a resident of Canada and that you are not applying for any Shares on behalf of or with a view to their offer, sale or delivery, directly or indirectly, to or for the benefit of any US Person or a resident of Canada;
- 5.25 warrant that you will be the beneficial owner of the Shares in Puma Alpha VCT plc issued to you under the Offer;
- 5.26 warrant that the information contained in the Application Form is accurate; and
- 5.27 agree that, if you request that Ordinary Shares are issued to you on a date other than 1 April 2021 and such Ordinary Shares are not issued on such date, the Company and its agents and directors will have no liability to you arising from the issue of such Ordinary Shares on a different date.
6. No person receiving a copy of this document or an Application Form in any territory other than the UK may treat the same as constituting an invitation or offer to him or her, nor should he or she in any event use such Application Form unless, in the relevant territory, such an invitation or offer could lawfully be made to him or her or such Application Form could lawfully be used without contravention of any regulations or other legal requirements. It is the responsibility of any person outside the United Kingdom wishing to make an Application to satisfy him or herself as to full observance of the laws of any relevant territory in connection therewith, including obtaining any requisite governmental or other consents, observing any other formalities requiring to be observed in such territory and paying any issue, transfer or other taxes required to be paid in such territory.
7. The Ordinary Shares have not been and will not be registered under the Securities Act 1933, as amended, or under the securities laws of any state or other political subdivision of the United States and may not be offered or sold in the United States of America, its territories or possessions or other areas subject to its jurisdiction ("the USA"). In addition, the Company has not been and will not be registered under the United States Investment Company Act of 1940, as amended. The Investment Manager will not be registered under the United States Investment Advisers Act of 1940, as amended. No application will be accepted if it bears an address in the USA.
8. The rights and remedies of the Registrar, the Sponsor and the Company under these terms and conditions and the Application Form are in addition to any rights and remedies which would otherwise be available to either of them, and the exercise or partial exercise of one will not prevent the exercise of the others.
9. The dates and times referred to in these terms and conditions and the Application Form may be altered by the Company with the agreement of the Sponsor.
10. Where a fee is payable by an Investor for the advice and related charges he has received from a Financial Adviser who has provided a personal recommendation to invest in the Company, this "Adviser Charge" (the amount agreed between the Investor and the Financial Adviser) can either be paid directly by the Investor or, if it is a one off fee, its payment may be made by the Registrar on behalf of the Investor.
11. Investors are required:
- (i) to identify such part of the overall cost of financial advice from their Financial Adviser which is related to their decision to subscribe for Shares (plus VAT if relevant); and
 - (ii) to authorise their Financial Adviser to disclose such amount to the Company or the Promoter.
12. Where commission is permitted to be paid to Financial Advisers under the rules of the FCA (for example, in respect of execution only clients where no advice or personal recommendation has been provided), Financial Advisers who, acting on behalf of their clients, return valid Application Forms bearing their stamp and Financial Conduct Authority registration number may be entitled to commission from the Promoter, calculated by reference to the amount payable in respect of the Ordinary Shares allocation for each such Application Form.
13. Intermediaries or authorised Financial Advisers may agree to waive part or all of their initial commission or Adviser Charge in respect of an application. If this is the case then such an application may be treated as an application to apply for the amount stated in section 3 of the Application Form, together with an additional amount equivalent to the commission or Adviser Charge waived or subscribed on an Investor's behalf

for extra Ordinary Shares, which waived commission will be applied in subscription for such extra Ordinary Shares at an issue price reflecting the fact that no Initial Fee will be applied to these additional Shares. The Company is authorised to amend the amount stated in section 3 of the Application Form to include any additional amount. Financial Advisers and intermediaries should keep a record of Application Forms submitted bearing their stamp to substantiate any claim for their commission.

14. The arrangements described in paragraphs 10 to 13 above are based on the relevant applicable rules of the FCA as they apply at the date of this document. In the event that there is a change in these Rules that affect the way advisers are permitted to charge Investors and the arrangements described in paragraphs 10 to 13 above, the Directors reserve the right to make amendments to those arrangements.

15. Investors should be aware of the following requirements in respect of the ML Regulations:

- (i) Please supply either an Identity Verification Certificate from your financial intermediary or, if you do not have an adviser, one of each of the following:
 - An original certified copy of your passport or driving licence certified by a bank or solicitor stating that it is a "true copy of the original and a true likeness of [name]"; and
 - an original or an original certified copy of a recent bank or building society statement or utility bill

showing your name and address being no more than 3 months old.

- (ii) Your cheque or bankers' draft must be drawn in sterling on an account at a branch (which must be in the United Kingdom, the Channel Islands or the Isle of Man) of a bank which is either a member of the Cheque and Credit Clearing Company Limited or the CHAPS Clearing Company Limited, a member of the Scottish Clearing Banks Committee or the Belfast Clearing Committee or which has arranged for its cheques or bankers' drafts to be cleared through facilities provided for members of any of those companies or associations and must bear the appropriate sorting code in the top right hand corner. Cheques should be drawn on the personal account to which you have sole or joint title to such funds. Third party cheques will not be accepted with the exception of building society cheques or banker's drafts where the building society or bank has confirmed the name of the account holder by stamping and endorsing the cheque or draft to such effect. The account name should be the same as that shown on the application. Post-dated cheques will not be accepted. Cheques or banker's drafts will be presented for payment upon receipt. The Company reserves the right to instruct SLC Registrars (the "Registrar") to seek special clearance of cheques and banker's drafts to allow the Company to obtain value for remittances at the earliest opportunity. The right is reserved to reject any Application Form in respect of which the cheque

or bankers' draft has not been cleared on first presentation.

- 16. The basis of allocation of Ordinary Shares will be determined by the Directors of the Company in their absolute discretion after consultation with the Promoter. The right is reserved to reject in whole or in part and/or scale down and/or ballot any application or any part thereof including, without limitation, applications in respect of which any verification of identity which the Company or the Registrar consider may be required for the purposes of the ML Regulations has not been satisfactorily supplied. Dealings prior to the issue of certificates for Ordinary Shares will be at the risk of applicants. A person so dealing must recognise the risk that an application may not have been accepted to the extent anticipated, or at all. The Company may accept applications made otherwise than by completion of an Application Form where the applicant has agreed in some other manner acceptable to the Company to apply in accordance with these terms and conditions.
- 17. The application of the subscription proceeds is subject to the absolute discretion of the Directors.

74 Frequently Asked Questions

REPLIES TO THESE FREQUENTLY ASKED QUESTIONS SHOULD BE READ IN CONJUNCTION WITH THE WHOLE PROSPECTUS AND ANY DECISIONS TO SUBSCRIBE FOR SHARES SHOULD BE BASED ON CONSIDERATION OF THE PROSPECTUS AS A WHOLE.

Subscribing for Shares

Who can apply to subscribe?

You must be 18 years old or over.

How much can I subscribe for in the Company?

There is no upper limit to the amount for which you can subscribe in the Company. However the maximum income tax relief is limited to investments of £200,000 per individual investor.

What is the minimum investment?

The minimum investment is £5,000 per application and thereafter in multiples of £1,000.

Will there be a dividend re-investment scheme?

There will be no dividend re-investment scheme

What if I change my mind?

If you change your mind before your shares are allotted please contact our Investor Services team and we will instruct the receiving agent to return the funds to you. Once the shares have been allotted, you may be able to sell your shares on the London Stock Exchange or re-sell them to Puma Alpha VCT if it is operating a buy-back policy, as explained below. However, if you sell your shares within five years of allotment you will have to repay some or all of your initial income tax relief depending on the sale proceeds.

Will the Company have a regular share buy-back policy?

The Offer Shares are intended to be traded on the London Stock Exchange's main market for listed securities although it is likely that there will be an illiquid market for such shares. In such circumstances, shareholders may find it difficult to sell their Shares in the market and, therefore, the Company intends to pursue an active buy back policy to improve the liquidity in the Shares where the Company may repurchase Shares which Shareholders wish to sell at a discount of 5% to the latest published Net Asset Value. The Board believes this creates an attractive proposition for both current and future Shareholders.

Buybacks are subject to applicable regulations, market conditions at the time and the Company having both the necessary funds and distributable cash resources available for the purpose. The making and timing of any share buybacks will remain at the absolute discretion of the Board.

As with all VCTs, the Directors expect that there will be limited demand for share buybacks from Shareholders within the first five years because the only sellers are likely to be deceased Shareholders' estates and those Shareholders whose circumstances have changed (to such extent that they are willing to repay the 30% income tax relief in order to gain access to the net proceeds of the sale).

Tax Relief

Please refer to the Risk Factors on pages 10 to 13 of the Prospectus which explains that particular tax reliefs are dependent on individual circumstances and that the taxation rates and taxation law may be subject to change. We are not able to give you tax advice and you should consult your tax adviser in relation to this. Subject to this the following answers are a summary of the tax position relating to income tax relief for Qualifying Subscribers.

What income tax relief will be given on my investment?

The current rate of income tax relief for VCT investors is 30% of the amount invested, so long as they have paid sufficient income tax in the tax year in which the shares are issued to them. Investors can get a maximum of £60,000 income tax relief, being 30% on an investment of £200,000 provided that the Investor has a potential income tax liability of at least that amount for the 2020/21 tax year.

Will I be able to claim VCT tax relief on all my investment?

You should receive VCT tax relief on the total amount remitted (after deduction of payment of any Adviser Charge by the Registrar (if applicable), for which VCT tax relief is not available), subject to all the factors relating to tax referred to in this document and subject to the risk factors on pages 10 to 13 of the Prospectus.

How long do I need to hold the shares in the Company to retain my tax relief?

Investors need to hold their shares for a minimum of five years to retain their tax relief.

How to submit an Application

To whom should I make the cheque payable?

Cheques should be made payable to "SLC Registrars Ltd re: Puma Alpha".

Where should I send my application?

Your Application Form and cheque should be sent to Puma Alpha VCT plc, SLC Registrars, Elder House, St Georges Business Park, Weybridge, Surrey, KT13 0TS.

Anti-money laundering

I am applying for Shares on the advice of a Financial Adviser:

If you are subscribing for Shares on the advice of a Financial Adviser, your Financial Adviser should complete section 10 of the Application Form to confirm your identify for money laundering purposes.

I am investing directly:

You must supply an Identification Verification Certificate (or equivalent) from a Financial Adviser or intermediary to confirm your identify for money laundering purposes. If you cannot do this, you must supply the following:

- (a) An original certified copy of your passport or driving licence certified by a bank or solicitor stating that it is a "true copy of the original and a true likeness of" followed by your name; and
- (b) An original or an original certified copy of your bank or building society statement or utility bill being no more than 3 months' old showing your name and address.

Following a subscription for Shares

What happens after I have been allotted Shares?

You should expect to receive your share certificate and tax certificate within a few weeks of the shares being allotted.

How do I claim back my income tax relief on my VCT investment?

In order to claim back your tax relief, you can write to your HMRC office and ask them to amend your tax code so you receive your tax relief each month via the PAYE system. Alternatively, you can claim the relief via your tax return for the year in which you apply.

In the light of Covid-19, can Investors apply electronically?

Yes, we have now introduced electronic applications for Puma Alpha VCT. If you have signed application forms printed and ready to go, you can scan or clearly photograph them on your smartphone and email them to the Investment Manager at: info@pumainvestments.co.uk. With reduced delivery services as well as the restrictions imposed by social distancing due to the Covid-19 pandemic, we recognise that physical post is now a challenge. To ensure the application process continues without interruption during this time, the Investment Manager has expanded its use of DocuSign across its entire product range. DocuSign allows all applications to be completed digitally without the need to print, scan and post. To find out more about DocuSign, please get in touch with your financial adviser or ask them to contact their local business development manager on 0207 408 4070 or at info@pumainvestments.co.uk.

How has Puma Investments' business adapted to the Covid-19 pandemic?

As a result of Covid-19, our teams are working from home – a contingency measure we had already set up prior to the pandemic which allowed us to continue without any interruption in our service to you.

Our Investor Services team is operating as normal to process new applications and respond to any enquiries, while our Business Development team is also working regular office hours (9am-6pm) and available to speak with you whenever you need them. We have also rolled out electronic application forms across all our offers to make it easier for you and your clients to invest during this time.

We continue to undertake daily review of the government guidance to implement effective measures as the situation evolves.

All our investments, including Puma Alpha VCT, are designed as long-term strategies primarily to mitigate any short term economic disruption.

Our dedicated Covid-19 Update webpage (<https://www.pumainvestments.co.uk/covid-19>), offers the latest information from across our business. We hope you find it useful.
